Above are the results of the sealed bids for the walk-in cooler, freezer, steamer, and convection oven.

I would like to recommend that we purchase the convection oven thru STAR Equipment and the Walkin's thru A&A Refrigeration. I have a working relation ship with A&A as they fix our current units when there is a problem. They are also an all-inclusive bid and have included 2 years labor on both units.

All steamer bids were rejected.
