

Geneseo High School has seen increased participation in Athletics this fall. Our total number of athletes currently in a Fall sport is 398 out of 887 total students (45%). This is a trend that has continued over the course of many years (beyond the three listed) as we focus on multi-sport participation.

Fall Sport	2019	2018	2017
Cheer	42	37	32
Cross Country - Boys	26	30	29
Cross Country - Girls	15	18	22
Football	99	94	82
Golf - Boys	21	17	26
Golf - Girls	22	18	21
Maplettes	13	10	14
Soccer - Boys	57	51	44
Tennis - Girls	51	47	52
Volleyball - Girls	52	46	44
Total Fall Athletes	398	368	366

We spend a lot of time promoting our students being involved in multiple sports and activities and continue to see growth. The trend nation-wide has been the opposite – most schools are losing participation – and our coaches work very hard to make this possible. We are fortunate to have coaches that believe in our culture and continue to promote it.

As we look to the future, and potentially more growth, it may become necessary to add coaches to certain programs with higher numbers. We work very hard to provide the best coaches possible for our student-athletes and can be limited by the amount we can pay them if we spread those stipends over multiple people. Student-to-Coach ratio is something we keep an eye on and have been fortunate to keep fairly low.

Cheer - 11:1	Cross Country – Boys - 13:1	Cross Country – Girls - 7.5:1
Football – 8.25:1	Golf – Boys - 10.5:2	Golf – Girls - 11:1
Maplettes - 6.5:1	Soccer – Boys - 19:1	Tennis – Girls - 25.5:1
Volleyball – Girls - 13:1		

Overall, the athletic department has been very successful and continues to grow. We are always looking for ways to give our students more opportunities and make their education a more fulfilling experience.
