#### INSTRUCTIONS/REQUIREMENTS: For School Districts/Joint Agreements

All School Districts/Joint Agreements must complete this form (Note: joint agreement supplementary/statistical schedules may not be applicable)

Round all amounts to the nearest dollar. Do not enter cents. (Exception: 9 Month ADA on page 28, line 78)

This form complies with Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing).

#### 23, Illinois Administrative Code 100, Subtitle A, Chapter I, Subchapter C (Part 100)

Any errors left unresolved by the Audit Checklist/Balancing Schedule must be explained in the itemization page.

#### Submit AFR Electronically

\* The Annual Financial Reports (AFR) must be submitted directly through the Attachment Manager to the AFR Group by the Auditor or School District designated personnel (Please see Instructions for complete submission procedures).

#### Attachment Manager Link

Note: CD/Disk no longer accepted.

- \* AFR supporting documentation must be embedded as Microsoft Word (.doc), Word Perfect (\*.wpd) or Adobe (\*.pdf) and inserted within tab "Opinions & Notes". These documents include: The Audit, Management letter, Opinion letters, Compliance letters, Financial notes etc.... For embedding instructions see "Opinions & Notes" tab of this form.
  - Note: Adobe Acrobat (\*.pdf) files cannot be embedded if you do not have the software. Simply attach files as separate docs in the Attachment Manager and they will be embedded for you.

#### Submit Paper Copy of AFR with Signatures

- 1) The auditor must send three paper copies of the AFR form (cover through page 8 at minimum) to the School District with the auditor signature.
- Note: School Districts and Regional Superintendents may prefer a complete paper copy in lieu of an electronic file. Please comply with their requests as neccessary. 2) Upon receipt, the School District retains one copy for their records, signs, and forwards the remaining two copies to the Regional Superintendent's
- office no later than October 15, annually. 3) Upon receipt, the Regional Superintendent's office retains one copy for their records, signs, and forwards the remaining paper copy to ISBE no later
- 3) Upon receipt, the Regional Superintendent's office retains one copy for their records, signs, and forwards the remaining paper copy to ISBE no later than November 15, annually.
- \* Yellow Book, CPE, and Peer Review requirements must be met if the Auditor issues an opinion stating "Governmental Accounting Standards" were utilized. Single Audit Act A-133

#### **Qualifications of Auditing Firm**

- \* School District/Joint Agreement entities must verify the qualifications of the auditing firm by requesting the most current acceptance/completion letter.
- \* A school district/joint agreement who engages with and auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school districts/joint agreements expense.

# AUDITOR'S QUESTIONNAIRE

INSTRUCTIONS: If your review and testing of State, Local, and Federal Programs revealed any of the following statements to be true, then check the box on the left, and attach the appropriate findings/comments.

### PART A - FINDINGS

- 1. One or more school board members, administrators, certified school business officials, or other qualifying district employees failed to file economic interest statements pursuant to the *Illinois* Government Ethics Act. [5 ILCS 420/4A-101]
- 2. One or more custodians of funds failed to comply with the bonding requirements pursuant to Sections 8-2, 10-20.19 or 19-6 of the School Code. [105 ILCS 5/8-2; 10-20.19; 19-6]
- 3. One or more contracts were executed or purchases made contrary to the provisions of Section 10-20.21 of the School Code. [105 ILCS 5/10-20.21]
- 4. One or more violations of the Public Funds Deposit Act or the Public Funds Investment Act were noted. [30 ILCS 225/1 et. seq. and 30 ILCS 235/1 et. seq.]
- 5. Restricted funds were commingled in the accounting records or used for other than the purpose for which they were restricted.
- One or more short-term loans or short-term debt instruments were executed in non-conformity with the applicable authorizing statute or without statutory authority.
- One or more long-term loans or long-term debt instruments were executed in non-conformity with the applicable authorizing statute or without statutory authority.
- Corporate Personal Property Replacement Tax monies were deposited and/or used without first satisfying the lien imposed pursuant to the State Revenue Sharing Act. [30 ILCS 115/12]
- 9. One or more interfund loans were made in non-conformity with the applicable authorizing statute or without statutory authorization.
  - 10. One or more interfund loans were outstanding beyond the term provided by statute.
  - 11. One or more permanent transfers were made in non-conformity with the applicable authorizing statute/regulation or without statutory/regulatory authorization.
  - 12. Substantial, or systematic misclassification of budgetary items such as, but not limited to, revenues, receipts, expenditures, disbursements or expenses were observed.

]	13. The Chart of Accounts used to define and control budget and accounting records does not conform to the minimum requirements imposed by
	ISBE rules pursuant to Sections 2-3.27 and 2-3.28 of the School Code. [105 ILCS 5/2-3.27; 2-3.28]

#### PART B - FINANCIAL DIFFICULTIES/CERTIFICATION Criteria pursuant to Section 1A-8 of the School Code [105 ILCS 5/1A-8]

- 14. The district has issued tax anticipation warrants or tax anticipation notes in anticipation of a second year's taxes when warrants or notes in anticipation of current year taxes are still outstanding, as authorized by Sections 17-16 or 34-23 thru 34-27 of the School Code. [105 ILCS 5/17-16 or 34-23 thru 34-27]
- 15. The district has issued short-term debt against two future revenue sources, such as, but not limited to, tax anticipation warrants and General State Aid certificates or tax anticipation warrants and revenue anticipation notes.
- 16. The district has issued school or teacher orders for wages as permitted in Sections 8-16, 32-7.2 and 34-76 of the School Code or issued funding bonds for this purpose pursuant to Section 19-8 of the School Code. [105 ILCS 5/8-6, 32-7.2, 34-76, and 19-8]
- 17. The district has for two consecutive years shown an excess of expenditures/other uses over revenues/other sources and beginning fund balances on its annual financial report for the aggregate totals of the Educational, Operations & Maintenance, Transportation, and Working Cash Funds.

## PART C - OTHER ISSUES

- 18. Student Activity Funds, Imprest Funds, or other funds maintained by the district were excluded from the audit.
- 19. Findings, other than those listed in Part A (above), were reported (e.g. student activity fund findings).
- 20. Federal Stimulus Funds were not maintained and expended in accordance with the American Recovery and Reinvestment Act (ARRA) of 2009. If checked, an explanation must be provided.
- 21. Check this box If the district is subject to the Property Tax Extension Limitation Law. Effective Date:
- 22. If the type of Auditor Report designated on the cover page is other than an unqualified opinion and is due to reason(s) other than solely Cash Basis Accounting, please check and explain the reason(s) in the box below.

# PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Revenue Codes 3100, 3105, 3110, 3500, and 3510) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score.

23. Enter the date that the district used to accrue mandated categorical payments

Data	
Date:	}

24. For the listed mandated categorical (Revenue Code (3110, 3500, 3510, 3100, 3105) that were vouchered prior to June 30th, but not released until after year end as reported in ISBE FRIS system, enter the amounts that were accrued in the chart below.

Account Name	3110 3500 35	10 3100 3105 Total

\* Revenue Code (3110-Sp Ed Personnel, 3510-Sp Ed Transportation, 3500-Regular/Vocational Transportation, 3105-Sp Ed Funding for Children Requiring Services, 3100-Sp Ed Private Facilities)

#### PART E - QUALIFICATIONS OF AUDITING FIRM

\* School District/Joint Agreement entities must verify the qualifications of the auditing firm by requesting the most current review and acceptance/completion letter.

\* A school district/joint agreement who engages with and auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school districts/joint agreements expense.

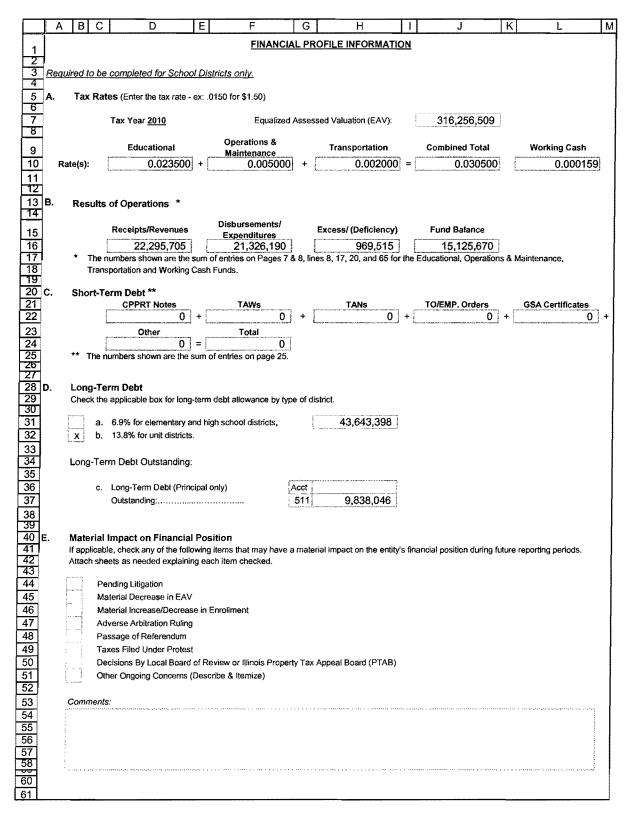

#### Comments Applicable to the Auditor's Questionnaire:

Gorenz & Associates, Ltd. Name of Audit Firm (print)

The undersigned affirms that this audit was conducted by a qualified auditing firm and in accordance with the applicable standards [23 Illinois Administrative Code Part 100] and the scope of the audit conformed to the requirements of subsection (a) or (b) of 23 Illinois Administrative Code Part 100 Section 110, as applicable.

# CERTIFICATION

I certify that the amounts shown above as "Actual Expenditures, Fiscal Year 2011" agree with the amounts on the district's Annual Financial Report for Fiscal Year 2011. I also certify that the amounts shown above as "Budgeted Expenditures, Fiscal Year 2012" agree with the amounts on the budget adopted by the Board of Education.

(Date)

Signature of Superintendent

If line 9 is greater than 5% please check one box below.

The District is ranked by ISBE in the lowest 25th percentile of like districts in administrative expenditures per student (4th quartile) and will waive the limitation by board action, subsequent to a public hearing. Waiver resolution must be adopted no later than June 30.

The district is unable to waive the limitation by board action and will be requesting a waiver from the General Assembly pursuant to the procedures in Chapter 105 ILCS 5/2-3.25g. Waiver applications must be postmarked by August 12, 2011 to ensure inclusion in the Fall 2011 report, postmarked by January 13, 2012 to ensure inclusion in the Spring 2012 report, or postmarked by August 17, 2012 to ensure inclusion in the Fall 2012 report. Information on the waiver process can be found at www.isbe.net/isbewaivers/default.htm.

The district will amend their budget to become in compliance with the limitation. Budget amendments must be adopted no later than June 30.

# Communication with Those Charged with Governance

Board of Education Geneseo Community Unit School District No. 228 Geneseo, Illinois

We have audited the financial statements of Geneseo Community Unit School District No. 228 for the year ended June 30, 2011. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Governmental Auditing Standards* and OMB Circular A-133, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 22, 2010. Professional standards also require that we communicate to you the following information related to our audit.

# Significant Audit Findings

# Qualitative A spects of A ccounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Geneseo Community Unit School District No. 228 are described in Note #1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during year ended June 30, 2011. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The District prepares their financial statements using the cash basis of accounting, therefore while there are some estimates used to prepare the notes to financial statements, there are no estimates that we believe would cause a significant variance in the financial statements.

# Difficulties Encountered in Performing the A udit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

# Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

# Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 27, 2011.

# Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

# Other A udit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

We did discuss at exit that approved purchase orders should be matched to invoices for all items including payments to the Geneseo Facilities Foundation. We did not find either for this expenditure.

This information is intended solely for the use of the Board of Education and management of Geneseo Community Unit School District No. 228 and is not intended to be, and should not be, used by anyone other than these specified parties.

# Independent Auditors' Report

To the Board of Education Geneseo Community Unit School District No. 228 Geneseo, Illinois

We have audited the accompanying financial statements of the Geneseo Community Unit School District No. 228 as of and for the fiscal year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the school district's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described more fully in Note # 1, Geneseo Community Unit School District No. 228 has prepared these financial statements using accounting practices prescribed or permitted by the Illinois State Board of Education, which practices differ from accounting principles generally accepted in the United States of America. Also as described in Note # 1, Geneseo Community Unit School District No. 228 prepares its financial statements on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Geneseo Community Unit School District No. 228 as of June 30, 2011, or changes in financial position for the fiscal year then ended.

Additionally, in our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of Geneseo Community Unit School District No. 228 as of June 30, 2011, and its revenue received and expenditures disbursed during the fiscal year then ended, on the basis of accounting described in Note # 1.

In accordance with <u>Government Auditing Standards</u>, we have also issued a report dated September 27, 2011, on our consideration of Geneseo Community Unit School District No. 228's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting and reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be read in conjunction with this report in considering the results of our audit.

The Summary of Funding Progress relative to the Illinois Municipal Retirement Fund is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted primarily of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, <u>and Non-Profit Organizations</u>, and is not a required part of the financial statements of Geneseo Community Unit School District No. 228. The information in this schedule is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements and other records used to prepare the financial statements and other records used to prepare the financial statements and other records used to prepare the financial statements and other records used to prepare the financial statements and other records used to prepare the financial statements and other records used to prepare the financial statements and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

The 2010 comparative information in the Schedule of Expenditures of Federal Awards was subjected to the auditing procedures applied by us and our report dated September 21, 2010 expressed an unqualified opinion that such information was fairly stated in all material respects in relation to the 2010 financial statements taken as a whole.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The information provided on pages 2 through 4, supplementary schedules on pages 23 through 26, statistical section on pages 27 through 29 and the itemization schedule on page 32, and Schedules for Trust and Agency Funds are presented for the purposes of additional analysis and are not a required part of the financial statements of Geneseo Community Unit School District No. 228. Such information, except for the average daily attendance figure, included in the computation of operating expense per pupil on page 28 and per capita tuition charges on page 29, is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole. The information on pages 28-30 is propagated from information in the audited financial statements, but we take no responsibility for the accuracy of those calculations. The administrative cost worksheet on page 31 contains unaudited information concerning the current year budget which was provided by the District, the actual expenditure information on this page is fairly stated in all material respects in relation to the financial statements taken as a whole.

### Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with <u>Government Auditing Standards</u>

To the Board of Education Geneseo Community Unit School District No. 228 Geneseo, Illinois

We have audited the financial statements of Geneseo Community Unit School District No. 228 as of and for the year ended June 30, 2011, and have issued our report thereon dated September 27, 2011. Our opinion was adverse because the financial statements are not prepared in accordance with generally accepted accounting principles. However, the financial statements were found to be fairly stated on the cash basis of accounting, in accordance with regulatory reporting requirements established by the Illinois State Board of Education, which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

# Internal Control Over Financial Reporting

In planning and performing our audit, we considered Geneseo Community Unit School District No. 228's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the school district's internal control over financial reporting. Accordingly we do not express an opinion on the effectiveness of the school district's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is reasonable possibility that a material misstatement of the school district's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies or be material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Geneseo Community Unit School District No. 228's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u> and which are described in the accompanying schedule of findings and questioned costs and identified as Finding 11-01.

# Compliance and Other Matters (Cont'd)

In accordance with SAS No. 114 The Auditor's Communication With Those Charged With Governance we have issued a separate letter dated September 27, 2011 to the Board of Education addressing those required communications.

Geneseo Community Unit School District No. 228's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit Geneseo Community Unit School District No. 228's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Education, management, the Illinois State Board of Education, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and Internal Control Over Compliance in Accordance with <u>OMB Circular A-133</u>

To the Board of Education Geneseo Community Unit School District No. 228 Geneseo, Illinois

# Compliance

We have audited Geneseo Community Unit School District No. 228's compliance with the types of compliance requirements described in the <u>U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement</u> that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. Geneseo Community Unit School District No. 228's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Geneseo Community Unit School District No. 228's management. Our responsibility is to express an opinion on Geneseo Community Unit School District No. 228's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; and OMB Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, and <u>Non-Profit Organizations</u>. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Geneseo Community Unit School District No. 228's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Geneseo Community Unit School District No. 228's compliance with those requirements.

In our opinion, Geneseo Community Unit School District No. 228 complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

### Internal Control Over Compliance

The management of Geneseo Community Unit School District No. 228 is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Geneseo Community Unit School District No. 228's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Geneseo Community Unit School District No. 228's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be a material weakness, as defined above.

This report is intended solely for the information of the Board of Education, management, the Illinois State Board of Education, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Peoria, Illinois September 27, 2011

#### Note #1 - Summary of Significant Accounting Policies

The District's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide.

A. Principals Used to Determine the Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

#### Component Units

The District has developed criteria to determine whether outside agencies with activities that benefit the citizens of the District, including joint agreements that serve pupils from numerous districts, should be included within its financial statements as component units. The criteria includes, but is not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

Certain joint agreements have been determined to be part of the reporting entity because the District exercises significant influence over the assets, operations, and management of the joint agreement. However, the joint agreements are required to be separately audited and reported to the Illinois State Board of Education. These financial statements therefore represent only the financial condition and operations of the primary government, Geneseo Community Unit School District No. 228.

The joint agreement consists of Rock River Alternative School. The financial information for the joint agreement can be obtained from the District's administrative office located at 209 S. College, Geneseo, IL 61254.

B. Basis of Presentation – Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received, and expenditures disbursed. The District maintains individual funds required by the State of Illinois. The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following fund types and account groups are used by the District:

#### Governmental Funds -

Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund and the Operations and Maintenance Fund are the general operating funds of the District. They are used to account for all financial resources except those required to be accounted for in another fund. Lease and Special Education tax levies are included in these funds.

The Debt Service Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

#### Note #1 - Summary of Significant Accounting Policies (cont'd.)

#### B. Basis of Presentation - Fund Accounting (cont'd.)

#### <u>Governmental Funds</u> - (cont'd.)

The Transportation Fund and the Illinois Municipal Retirement/Social Security Fund are used to account for cash received from specific sources (other than those accounted for in the Debt Service Fund, Capital Projects Fund, or Fiduciary Funds) that are legally restricted to cash disbursements for specified purpose.

The Working Cash Fund accounts for financial resources held by the District to be used for temporary interfund loans to other funds.

The Tort Fund accounts for financial resources held by the District to be used for tort immunity and tort judgment purposes.

The Fire Prevention and Safety Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Trust Funds).

#### Fiduciary Funds -

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments or other funds.

The Expendable Trust Fund (Insurance Trust Fund) accounts for financial operations of a self-insured health insurance plan. The District contributes premiums to this fund and pays claims out of the fund for insurance claims.

The Agency Funds include Student Activity Funds, Memorial and Scholarship Funds, and Convenience Accounts. They account for assets held by the District as an agent for the students, teachers, and other entities. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to the agencies are equal to the assets.

Scholarship funds account for assets held by the District for the purpose of providing scholarships to District graduates on an annual basis. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to the scholarship fund organizations are equal to the assets.

#### Governmental and Expendable Trust Funds - Measurement Focus

The financial statements of all Governmental Funds and Expendable Trust Funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

#### General Fixed Assets and General Long-Term Debt Account Group

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. The District records purchases of property and equipment as expenditures of various funds when paid. The District maintains a detailed list of property and equipment purchased for insurance purposes.

### 

#### Note #1 - Summary of Significant Accounting Policies (cont'd.)

B. Basis of Presentation - Fund Accounting (cont'd.)

General Fixed Assets and General Long-Term Debt Account Group (cont'd.)

The District adopted a \$5,000 capitalization policy and follows the applicable capitalization in accordance with grant guidelines, when applicable.

No depreciation has been provided on fixed assets in these financial statements. The Illinois State Board of Education's Annual Financial Report (ISBE Form SD50-35/JA50-60) includes depreciation of \$704,744 which has been utilized for the calculation of the per capita tuition charge, and accumulated depreciation totaling \$12,503,639. Depreciation has been computed over the estimated useful lives of the assets using the straight-line method.

The estimated useful lives are as follows:

Depreciable Land	50 years
Buildings	
Permanent	50 years
Temporary	20 years
Infrastructure Improvements other than Building	20 years
Capitalized Equipment	3-10 years

Long-term liabilities expected to be financed from Debt Service Funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. Proceeds from sales of bonds are included as receipts in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

#### C. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the account and how they are reported in the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash-basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions. Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

#### Note #1 - Summary of Significant Accounting Policies (cont'd.)

#### D. Budgets and Budgetary Accounting

The budget for all Governmental Fund Types and for the Working Cash Fund is prepared on the cash basis of accounting, which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5, Paragraph 17-1 of the Illinois Compiled Statutes. The original budget, which was not amended was passed on September 9, 2010.

For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected on the financial statements:

- 1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures disbursed and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.
- E. Cash and Cash Equivalents

Cash includes amounts in demand deposits and interest-bearing demand deposits, and time deposit (savings) accounts. Cash equivalents include amounts in time deposits, and other investments, with original maturities of less than 90 days.

F. Investments

Investments are stated at cost or amortized cost, which approximates market. The District, under 30 ILCS 235/2, may legally invest in all securities guaranteed by the full faith and credit of the United States, as well as interest-bearing savings accounts, certificates of deposit, or time deposits constituting direct obligations of banks insured by FDIC and savings and loan associates insured by FSLIC. The District may also invest in short-term obligations of the Federal National Mortgage Association, the Public Treasurer's Investment Pool, as well as all interest-bearing obligations of the State of Illinois.

G. Inventories

Inventory consists of expendable supplies held for consumption. The cost is recorded as an expenditure disbursed at the time the individual inventory items are purchased.

#### Note #2 - Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The 2010 levy was passed by the board on December 9, 2010. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on June 1 and September 1. The District receives significant distributions of tax receipts approximately one month after these due dates. The District received \$6,643,606 in taxes from the 2010 tax levy prior to June 30, 2011. The balance of taxes recorded in these statements are from 2009 and prior tax levies.

The following are the tax rates applicable to the various levies per \$100 of assessed valuation:

	Maximum Rate	Actual 2010 Rate	Actual <u>2009 Rate</u>	Actual <u>2008 Rate</u>
Educational	2.35000	2.35000	2.35000	2.35000
Operations & Maintenance	0.50000	0.50000	0.50000	0.50000
Transportation	0.20000	0.20000	0.20000	0.20000
Debt Service	None	0.58710	0.5610	0.52590
Municipal Retirement	None	0.08540	0.08770	0.08380
Social Security	None	0.06960	0.07490	0.08710
Tort Immunity	None	0.15020	0.07970	0.11500
Leasing	0.05000	0.05000	0.05000	0.05000
Special Education	0.04000	0.04000	0.04000	0.04000
Fire Prevention and Safety	0.05000	0.00740	0.05000	0.05000
Working Cash	0.05000	<u>0.05000</u>	0.05000	<u>0.05000</u>
Total		<u>4.05560</u>	<u>4.04540</u>	<u>4.05180</u>

#### Note #3 - Fund Balance Reporting

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the differences and a reconciliation of how these balances are reported.

### A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the district all such items are expensed at the time of purchase, so there is nothing to report for this classification.

#### Note #3 – Fund Balance Reporting (cont'd.)

#### B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

#### 1. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

#### 2. Leasing Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Educational Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance \$312,055. This balance is included in the financial statements as Reserved in the Educational Fund.

#### 3. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational and Transportation Funds. At June 30, 2011, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balances.

#### 4. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Fund. At June 30, 2011, revenue received from federal grants exceeded the expenditures disbursed for those specific purposes in the Educational Fund, resulting in a restricted balance of \$300. This balance is included in the financial statements as Reserved in the Educational Fund.

#### 5. Social Security

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in a restricted fund balance \$121,198. This balance is included in the financial statements as unreserved in the Municipal Retirement/Social Security Fund.

#### 6. Trust and Agency Funds

Cash received for the Self-Funded Health Insurance Trust and the Flexible Benefit Trust accounts exceeded related expenditures for these trusts resulting in restricted fund balances of \$929,471 and \$32,127. The District also had trust account for memorial totaling \$102,365 as of June 30, 2011. These balances totaling \$1,063,963 are included in the financial statements as reserved in the Trust and Agency Fund.

#### C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

By Board action the District has committed to performing \$433,989 in construction projects during the Summer of 2011. This balance is included in the financial statements as Unreserved in the Operations and Maintenance Fund.

#### Note #3 - Fund Balance Reporting (cont'd.)

Employee contracts for services rendered during the school year for employees electing twelve month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2011, the total amount of unpaid contracts and benefits for services performed during the fiscal year ended June 30, 2011 amounted to \$1,480,445. This amount is shown as Unreserved in the Educational Fund.

#### Assigned Fund Balance D.

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted or committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes.

#### Unassigned Fund Balance E.

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational, Operations and Maintenance, and Working Cash Funds.

F. Regulatory - Fund Balance Definitions

> Reserved Fund Balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

G. Reconciliation of Fund Balance Reporting

The first five columns of the following table represent Fund Balance Reporting according to generally accepted accounting principles. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

Generally Accepted Accounting Principles Regulatory B							ory Basis
						Financial	Financial
Fund	Nonspendable	Restricted	Committed	Assigned	Unassigned	Statements	Statements-
						- Reserved	Unreserved

### Note #3 - Fund Balance Reporting (cont'd.)

H. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

#### Note #4 - Deposits and Investments

The District is allowed to invest in securities as authorized by the District's investment policy, Sections 2 and 6 of the Public Funds Investment Act (30 IICS 235), and Section 8-7 of the <u>School Code of Illinois</u>. These include the following items:

- (1) bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;
- (2) bonds, notes, debentures, or other similar obligations of the United States of America or its agencies;
- (3) in interest-bearing savings accounts, interest-bearing certificates of deposits or interest-bearing time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act;
- (4) in short-term obligations of corporations organized in the United States with assets exceeding \$500,000,000;
- (5) in money market mutual funds registered under the Investment Company Act of 1940, provided that the portfolio of any such money market mutual fund is limited to obligations described in (1) or (2) above and to agreements to repurchase such obligations;
- (6) in short-term discount obligations of the Federal National Mortgage Association or in shares or other forms of securities legally issuable by savings banks or savings and loan associations incorporated under the laws of this State or any other state or under the laws of the United States;
- (7) in dividend-bearing share accounts, share certificate accounts or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States; provided, however, the principal office of any such credit union must be located within the State of Illinois;
- (8) in a Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act;
- (9) in the Illinois School District Liquid Asset Fund Plus;
- (10) in repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986 subject to the provisions of said Act and the regulations issued thereunder;
- (11) in any investment as authorized by the Public Funds Investment Act, and Acts amendatory thereto. Paragraph 11 supersedes paragraphs 1-10 and controls in the event of conflict.

#### Custodial Credit Risk Related to Deposits with Financial Institutions

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's general investment policy requires all amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized by securities eligible for District investment or any other high-quality, interest-bearing security rated at least AA/Aa by one or more standard rating services to include Standard & Poor's, Moody's, or Fitch. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

The District's investment policy states the preferred method for safekeeping of collateral is to have securities registered in the District's name and held by a third-party custodian. Safekeeping practices should qualify for the Governmental Accounting Standards Board's Statement III, Category I, the highest recognized safekeeping procedures.

#### Note #4 - Deposits and Investments (cont'd.)

At June 30, 2011, the carrying amount of the District's deposits with financial institutions, which includes demand deposits, savings accounts, and certificates of deposit, was \$18,891,516. The bank balance was \$19,044,772. As of June 30, 2011, the following District's bank balances (certificates of deposit, checking, and savings accounts) were exposed to custodial credit risk as follows (carrying amounts are presented as additional information only):

#### Custodial Credit Risk Related to Deposits with Financial Institutions (cont'd.)

Carrying	Bank
Amount	Balance
12,839,571	12,992,827
6,051,945	6,051,945
0	0
0	0
<u>18,891,516</u>	<u>19,044,772</u>
	<u>Amount</u> 12,839,571 6,051,945 0 <u>0</u>

Risk Class #1 includes deposits that are insured or collateralized by securities held by an independent financial institution.

Risk Class #2 includes deposits that are uninsured and collateralized with securities held by the pledging financial institution.

Risk Class #3 includes deposits that are uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the district's name.

Risk Class #4 includes deposits that are uninsured and uncollateralized.

During the year ended June 30, 2011, the depository banks used by the District pledged \$13,229,530 in federal securities to secure the District's deposits in excess of the amount insured by the FDIC. The pledged securities are held by a third party financial institutions' trust department or agent in the district's name.

#### **Custodial Credit Risk of Investments**

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year end, \$6,051,945 of the District's investments were subject to custodial credit risk due to the collateral not being held by an independent financial institution.

#### Interest Rate Risk

Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The District's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### Investments

As of June 30, 2011, the district had the following investments and maturities.

			Inve	<u>stment Matı</u>	urities (in Ye	ears)
	Book	Fair	Less			More
<u>Investment Type</u>	Value	Value	<u>Than 1</u>	1-5	6-10	<u>Than 10</u>
Preferred Stock	8,750	8,995	8,750	0	0	0
Mutual Funds	88,132	90,616	88,132	0	0	0
ISDLAF	<u>352,219</u>	<u>352,219</u>	<u>352,219</u>	· <u>0</u>	_0	<u>0</u>
Total	<u>449,101</u>	<u>451,830</u>	<u>449,101</u>	<u>_0</u>	<u>Q</u>	<u>_0</u>

#### Note #4 - Deposits and Investments (cont'd.)

#### Credit Risk

As of June 30, 2011, the credit quality ratings of debt securities (other than the U.S. government) are as follows:

Investment Type	<u>Fair Value</u>	Rating
Preferred Stock	8,750	AAĂ
Mutual Funds	88,132	AAA

All of the other investment types of Geneseo Community Unit School District No. 228 are not rated.

#### **Concentration of Credit Risk**

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. Disclosures are required for any issuer that represents 5% or more of total investments, exclusive of mutual funds, external investment pools and investments issued or guaranteed by the U.S. government. The District's investment policy places no limit on the amount the District may invest in any one issuer. The following percentages reflect the breakdown of investments for the District as of June 30, 2011:

19.6% - Mutual Funds 78.4% - ISDLAF

ISDLAF+ (Investment Pool) -

During the year ended June 30, 2011, the District maintained an account with the Illinois School District Liquid Asset Fund Plus(also known as ISDLAF+). ISDLAF+ is an external investment pool created in cooperation by the Illinois Association of School Boards, the Illinois Association of School Business Officials and the Illinois Association of School Administrators. Its primary purpose is to provide School Districts, Community College Districts and Educational Service Regions with an alternative investment vehicle which will enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

The Multi-Class Series invests in money market instruments having a maximum remaining maturity of one year (except that U.S. government obligations may have remaining maturities of up to two years). It has earned an AAA rating from Standard & Poor's ("S&P"). The Multi-Class Series consists of two classes of shares: the Liquid Class and the MAX Class. The Liquid Class offers check writing privileges, while the MAX Class does not.

ISDLAF+ also provides a Fixed Income Investment Program that allows investors to purchase investment instruments including certificates of deposit of banks and thrift institutions ("CDs"), commercial paper and bankers' acceptances. CDs purchased under this program are fully FDIC insured and have been classified as deposits for financial statement purposes.

#### Reconciliation

A reconciliation of cash and investments as shown on the combined balance sheet follows:

Carrying Amount of Deposits Carrying Amount of Investments	18,891,516 <u>449,101</u> <u>19,340,617</u>
Cash and Cash Equivalents Investments	19,158,690 <u>181,927</u> <u>19,340,617</u>

#### Note #5 - Changes in General Fixed Assets

A summary of changes in general fixed assets follows:

	Balance			Balance
	<u>July 1, 2010</u>	<b>Additions</b>	Deletions*	<u>June 30, 2011</u>
Non-Depreciable Land	467,298	0	0	467,298
Permanent Buildings	25,146,093	795,411	0	25,941,504
Improvements Other than Buildings	375,823	0	0	375,823
10-Year Equipment	2,097,474	856,530	529,815	2,424,189

3-Year Equipment	63,223	0	0	<u> </u>
Totals	<u>28,259,228</u>	<u>1,651,941</u>	<u>529,815</u>	<u>29,381,354</u>

\* To remove fully depreciated equipment and assets sold.

#### Note #6 - Retirement Fund Commitments

### A. Teachers' Retirement System of the State of Illinois

The school district participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a costsharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago.

The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The state of Illinois maintains the primary responsibility for funding the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the system's administration.

TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher certification is required. The active member contribution rate for the year ended June 30, 2011, was 9.4 percent of creditable earnings. The same contribution rate applies to members whose first contributing service is on or after January 1, 2011, the effective date of the benefit changes contained in Public Act 96-0889. These contributions, which may be paid on behalf of employees by the employer, are submitted to TRS by the employer. The active member contribution rate was also 9.4 percent for the years ended June 30, 2010 and 2009.

The state of Illinois makes contributions directly to TRS on behalf of the district's TRS-covered employee.

**On-behalf contributions to TRS**. The State of Illinois makes employer pension contributions on behalf of the district. For the year ended June 30, 2011, State of Illinois contributions were based on 23.10 percent of creditable earnings not paid from federal funds, and the district recognized revenue and expenditures of \$2,338,921 in pension contributions that the State of Illinois paid directly to TRS. For the years ended June 30, 2010, and June 30, 2009, the State of Illinois contribution rates as percentages of creditable earnings not paid from federal funds were 23.38 percent (\$2,426,027) and 17.08 percent (\$1,834,332), respectively.

The district makes other types of employer contributions directly to TRS.

**2.2 formula contributions**. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2011, were \$59,380. Contributions for the years ended June 30, 2010, and June 30, 2009, were \$60,865 and \$62,290, respectively.

#### Note #6 - Retirement Fund Commitments (cont'd.)

A. Teachers' Retirement System of the State of Illinois (cont'd.)

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the district, there is a statutory requirement for the district to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that was first effective in the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS.

For the year ended June 30, 2011, the employer pension contribution was 23.10 percent of salaries paid from federal and special trust funds. For the years ended June 30, 2010 and 2009, the employer contribution was 23.38 and 17.08 percent of salaries paid from federal and special trust funds, respectively. For the year ended June 30, 2011, salaries totaling \$110,402 were paid from federal and special trust funds that required employer contributions of \$25,503. For the years ended June 30, 2010, and June 30, 2009, required district contributions were \$26,830 and \$33,535, respectively.

Early Retirement Option (ERO). The district is also required to make one-time employer contributions to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the age and salary of the member.

The maximum employer contribution is 117.5 percent and applies when the member is age 55 at retirement.

For the year ended June 30, 2011, the district paid \$130,842 to TRS for employer contributions under the ERO program. For the years ended June 30, 2010, and June 30, 2009, the district paid \$94,706 and \$-0- in employer ERO contributions, respectively.

#### Salary increases over 6 percent and excess sick leave.

If an employer grants salary increases over 6 percent and those salaries are used to calculate a retiree's final average salary, the employer makes a contribution to TRS. The contribution will cover the difference in actuarial cost of the benefit based on actual salary increases and the benefit based on salary increases of up to 6 percent.

For the year ended June 30, 2011, the district paid \$524 to TRS for employer contributions due on salary increases in excess of 6 percent. For the years ended June 30, 2010, and June 30, 2009, the district paid \$69,675 and \$-0- to TRS for employer contributions due on salary increases in excess of 6 percent, respectively.

If an employer grants sick leave days in excess of the normal annual allotment and those days are used as TRS service credit, the employer makes a contribution to TRS. The contribution is based on the number of excess sick leave days used as service credit, the highest salary used to calculate final average salary, and the TRS total normal cost rate (18.03 percent of salary during the year ended June 30, 2011, as recertified pursuant to Public Act 96-1511).

For the year ended June 30, 2011, the district paid \$-0- to TRS for sick leave days granted in the excess of the normal annual allotment. For the years ended June 30, 2010, and June 30, 2009, the district paid \$-0- and \$-0- in employer contributions granted for sick leave days, respectively.

#### Note #6 - Retirement Fund Commitments (cont'd.)

#### A. Teachers' Retirement System of the State of Illinois (cont'd.)

#### Salary increases over 6 percent and excess sick leave. (cont'd.)

TRS financial information, an explanation of TRS' benefits, and descriptions of member, employer and state funding requirements can be found in the TRS *Comprehensive Annual Financial Report* for the year ended June 30, 2010. The report for the year ended June 30, 2011, is expected to be available in late 2011.

The reports may be obtained by writing to the Teachers' Retirement System of the State of Illinois, 2815 West Washington Street, PO Box 19253, Springfield, IL 62794-9253. The most current report is also available on the TRS Web site at <u>http://trs.illinois.gov</u>.

#### B. THIS Fund Contributions

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit postemployment healthcare plan that was established by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants may participate in the state administered participating provider option plan or choose from several managed care options.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The Illinois Department of Healthcare and Family Services (HFS) and the Illinois Department of Central Management Services (CMS) administer the plan with the cooperation of TRS. The director of HFS determines the rates and premiums for annuitants and dependent beneficiaries and establishes the cost-sharing parameters. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to the TRS who are not employees of the state make a contribution to THIS.

The percentage of employer required contributions in the future will be determined by the director of Healthcare and Family Services and will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

• On behalf contributions to THIS Fund. The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to THIS Fund from active members, which were 0.88 percent of pay during the year ended June 30, 2011. State of Illinois contributions were \$90,073 and the District recognized revenue and expenditures of this amount during the year.

State contributions intended to match active member contributions during the year ended June 30, 2010 and June 30, 2009, were also 0.84 percent of pay. State contributions on behalf of District employees were \$88,127 and \$90,213, respectively.

• Employer contributions to THIS Fund. The District also makes contributions to THIS Fund. The District THIS Fund contribution was 0.66 percent during the years ended June 30, 2011, and 0.63 percent during the years ended June 30, 2010, and June 30, 2009. For the year ended June 30, 2011, the District paid \$67,555 to the THIS Fund. For the years ended June 30, 2010, and June 30, 2009, the District paid \$66,095 and \$67,660 to the THIS Fund, respectively, which was 100 percent of the required contribution.

The publicly available financial report of the THIS Fund may be obtained by writing to the Department of Healthcare and Family Services, 201 S. Grand Ave., Springfield, IL 62763-3838.

#### Note #6 - Retirement Fund Commitments (cont'd.)

#### C. Illinois Municipal Retirement Fund

*Plan Description.* The District's defined benefit pension plan for Regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF uses a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

*Funding Policy.* As set by statute, the District's Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statutes require employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2010 was 15.51 percent. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. The required contribution rate for year 2010 was \$336,724.

### Three-Year Trend Information for the Regular Plan

Fiscal	Annual	Percentage	
Year	Pension	of APC	Net Pension
Ending	<u>Cost (APC)</u>	Contributed	<u>Obligation</u>
12/31/10	336,724	100%	<b>\$</b> 0
12/31/09	258,620	100%	0
12/31/08	250,353	100%	0

The required contribution for 2010 was determined as part of the December 31, 2008 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008 included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10.0% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the District's Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The District's Regular plan's unfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Funded Status and Funding Progress. As of December 31, 2010, the most recent actuarial valuation date, the Regular plan was 63.64 percent funded. The actuarial accrued liability for benefits was \$5,605,322 and the actuarial value of assets was \$3,567,057, resulting in an underfunded actuarial accrued liability (UAAL) of \$2,038,265. The covered payroll for calendar year 2010 (annual payroll of active employees covered by the plan) was \$2,171,014 and the ratio of the UAAL to the covered payroll was 94 percent.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

#### Note #7 - Long-Term Debt, Capital Leases, and Other Financing Arrangements

Long-term debt at June 30, 2011, is comprised of the following:

Bonded indebtedness -

Bonded indebtedness is reflected in the General Long-Term Debt Account Group. Current requirements for principal and interest expenditures are payable solely from future revenues of the Debt Service Fund which consists principally of property taxes collected by the District and interest earnings.

Bonded Debt -

As of June 30, 2011, the District was obligated on General Obligation Bonds issued for Life Safety to be paid from the Debt Service Fund dated March 1, 2005 totaling \$1,535,000, dated February 15, 2007 totaling \$3,095,000, dated September 1, 2009 totaling \$2,585,000. and dated September 1, 2010 totaling \$1,060,000, and dated September 1, 2010 totaling \$1,545,000.

#### Capital Leases -

As of June 30, 2011, the District was obligated on a Lease Purchase Agreement for buses for \$7,363 to be paid from the Transportation Fund and for a Turpin Truck contract for \$10,683 to be paid from the Operations & Maintenance Fund.

The following is a summary of long-term debt activity of the District for the year ended June 30, 2011:

U U		0				•	•		Due In
	Original	Date of	Date of	Interest	Balance			Balance	Less Than
Description	Amount	Issue	Maturity	Rate	July 1, 2010	Additions	Deductions	June 30, 2011	One Year

	<u>9,820,000</u>	<u>1,373,693</u>	<u>18,046</u>	<u>884</u>	<u>9,838,046</u>	<u>1,374,577</u>

### Note #7 - Long-Term Debt, Capital Leases, and Other Financing Arrangements (cont'd.)

#### Debt Service Fund Balance -

At June 30, 2011, the excess of assets over liabilities of the Debt Service Fund was allocable to the individual issues as follows:

Bond Issue Dated	Amount
March 1, 2005	749,621
February 15, 2007	688,546
September 1, 2009	46,885
September 1, 2010	29,007
September 1, 2010	<u>    44,741</u>
-	<u>1,558,800</u>

Legal Debt Limit –

Section 5/19-1 of the Illinois School Code limits the amount of qualifying debt of the District to 13.8% of the latest equalized assessed value. The District's equalized assessed value as of January 1, 2010 was \$316,256,509.

The estimated legal debt margin of the District at June 30, 2011, was calculated as follows:

Legal Debt Limit	43,643,398
Less Qualifying Debt	(9,838,046)
Legal Debt Margin	<u>33,805,352</u>

#### Note #8 - Tax Anticipation Warrants

During the fiscal year ended June 30, 2011, the District did not issue any tax anticipation warrants.

#### Note #9 - Interfund Receivables and Payables and Transfers

The Transportation Fund repaid an interfund loan for operations to the Working Cash Fund for \$500,000 during the year ended June 30, 2011.

The Working Cash Fund made a permanent transfer to the Educational Fund for \$900,000 and the Educational Fund made a permanent transfer to the Transportation Fund for \$500,000 during the year ended June 30, 2011. These transfers were made to fund current operations.

#### Note #10 - Common Bank Accounts

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

Note #11 - Deficit Fund Balances

As of June 30, 2011, the District had no deficit fund balances.

#### Note #12 - Self Insurance Plan

All employees of the district are covered under the State of Illinois Unemployment Insurance Act. The district elected to be self-insured, and therefore, is liable to the State for any payments made to an unemployed worker claiming benefits.

The District is self-insured for medical coverage, which is provided to school personnel. Mutual Medical administers claims for a fixed fee per enrolled employee. The District is responsible for the payment of claims up to annual levels of \$90,000 per employee and approximately \$700,000 in total charges. Additional claims would be covered by commercial insurance. Future potential claims as of June 30, 2011, were not estimable.

At the beginning of each fiscal year, the District determines the amount of funds needed to operate the plan. This estimated total cost is used to develop standard unit charges for employees and for dependents covered under the plan.

The District has established a separate Self-Insurance Fund (Expendable Trust Fund) to account for the operation of this self-insurance plan. District contributions to the fund are made on the basis of 100% of the charges for employee coverage. Through payroll deductions, the employees are responsible for payment of the entire charges related to coverage of their dependents.

#### Note #13 - Contingencies

The District has received funding from state and federal grants in the current and prior years which are subject to audits by the granting agencies. The school board believes any adjustments that may arise from these audits will be insignificant to District operations.

#### Note #14 - Commitments

As of June 30, 2011, the District had the following construction commitments:

CPI of the Midwest	Classroom addition	\$403,676
Midwest Sales	Playground Equipment	30,313
Tri-County Irrigation	Wells for Geothermal	281,000
Stees Construction	Greenhouse	<u>    164,455</u>
Total Commitments		\$ <u>879,444</u>

#### Unpaid Teachers' Contracts

Teachers' contracts for services rendered during the school year for teachers electing twelve-month pay schedules are recorded as disbursements in the fiscal year when the disbursements are made. At June 30, 2011, the total amount of unpaid teachers' contracts for services performed during the year ended June 30, 2011, amounted to \$1,435,137.

Vacation Pay – Vacation pay is considered to be an expenditure in the year paid. Eligible administrators and support staff receive vacation pay. At June 30, 2011, the estimated unused vacation pay liability is \$45,308.

Sick Pay – Sick pay is considered to be an expenditure in the year paid. Accumulated sick pay benefits are available to eligible employees to use in future years. Sick pay does not vest if not used during the term of employment with the District.

Retirement Commitments – Retirement commitments are considered to be an expenditure in the year paid. Under the new contract, as of June 30, 2011, the District had no qualified commitments for health insurance for retirees.

Termination Benefits – Termination benefits are considered to be an expenditure in the year paid. As of June 30, 2011, the District had estimated incentives due for teachers who have notified the District of their retirements of \$423,674.

#### Note #15 - Other Post-Employment Benefits

Other Post-Employment Benefits - The District's most recent actuarial valuation was completed during October of 2010.

The District's Other Post-Employment Benefits (OPEB) consists of allowing certified and support staff who meet the minimum requirements for early retirement under TRS and IMRF to remain covered in the District's health care plan, but are not provided any explicit subsidy to do so.

#### Actuarial Assumptions

Demographic assumptions include such items as mortality, turnover, probabilities of disablement, rates of spousal participation, spousal ages, participation and retirement rates. Because the participants are primarily certified teachers, the actuary chose to use the mortality table used by the Teachers' Retirement System (TRS) actuary for its annual pension valuation.

About 50% attrition in the first year of employment, reducing to 20% by the third year, was assumed. After the third year, low turnover is expected for both certified and support staff.

Early retirement rates were established both for certified and non-certified employees. Disablement rates were assumed to be zero because no special OPEB would be forthcoming for disability. Participation was assumed to be 30% for certified employees and 50% for support staff.

*Economic assumptions* include the discount rate of future benefit payments, theoretical rate of return on assets, Health Care Cost Trend Rates by year, Medicare inflation rates by year and the general inflation rate as indicated by the CPI.

The discount rate and the theoretical rate of return on assets are set equal to 5.00%. This is 78 basis points lower than the expected yield rate for Moody's AA long-term corporate bonds as of June 2009. There are no funds currently in a Trust.

The Health Care Cost Trend Rate ("HCCTR") is the annual rate of change in the cost of health care benefits due to factors other than changes in the composition of the plan population. These include health care inflation, changes in health care utilization or delivery patterns, plan design, technological advances and changes in the health status of the plan participants as well as cost-shifting from the general population not paying the full value of services used. HCCTR is restricted to economic conditions largely outside the employer's control. Differing types of services may have different trend rates.

The concept of HCCTR is not directly comparable to "medical trend" as the latter term is customarily used in the insurance field. Whereas medical trend generally covers a one- or two-year period for active and retirees combined, HCCTR is a long-term economic assumption.

Additionally, medical trend contains elements not included within the HCCTR definition, such as leveraging due to plan costsharing features, Medicare reimbursement levels, and demographic changes, all of which are addressed in separate assumptions. Adverse selection from COBRA coverage, flexible benefit elections, recoupment of prior losses, government-mandated benefits, and fluctuation margins are not taken account in the HCCTR.

In selecting the HCCTR, it was recognized that the high increase of medical costs during the early 2000's cannot continue indefinitely. Ultimately, health costs are limited by a percent of the GNP beyond which the nation will not be willing to afford additional health care at the expense of other needs. Currently, medical care accounts for 17% of the GNP. The July 2009 Consumer Price Index for medical care indicates an annual inflation rate of 3.2% for the preceding twelve months. It was significantly greater than the overall inflation rate of 1.5% posted for the preceding twelve months. The CPI and Medicare trend assumptions are intimately linked to the health care cost trend assumption. A change in one must be accompanied by a review of the others for consistency and sensibility.

## Note #15 - Other Post-Employment Benefits (cont'd.)

# A cuarial A ssumptions (cont'd.)

Therefore, the HCCTR, is a "select and ultimate" assumption. The rate for the initial year is lowered gradually over a select period of time and ultimately settles at a permanent, lower level.

There is, however, and "implicit rate subsidy" stemming from the fact that the District budgets a blended uniform rate for all employees and retirees. GASB Statement 45 addresses the potential effects that implicit rate subsidies may have on liabilities.

Retirees from staff may be covered by the PPO, which is self-insured. There is an implicit rate subsidy in the blended rate used by the District. An "aging" table to account for the additional cost of the staff members who retire was factored in. The aging factors represent the difference between the cost of an employee (based on age and sex) and the blended rate for the group as a whole.

Dental benefits are included in the blended rates for the group. Although these benefits are subject to the different implicit rate subsidy effects from the medical benefits, a composite table to include them all together has been used.

As of July 1, 2009, the Actuarial Accrued Liability (AAL) was \$1,420,423 and the annual OPEB expense (Annual Required Contribution or "ARC") for 2010 was \$154,341. The net OPEB Obligation expected at the end of the year is \$61,760.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

### Note #16 - Joint Agreements

The District is a member of the Quad-City Career and Technical Education Consortium located at 1275 Avenue of the Cities, East Moline, Illinois, and Henry-Stark Counties Cooperative for Special Education located at 1318 W. Sixth Street, Kewanee, Illinois, along with other area school districts. The District's pupils benefit from programs administered under these joint agreements, and the District benefits from jointly administered grants and programming. The District does not have an equity interest in the joint agreements. The joint agreements are separately audited and are not included in these financial statements. Audited financial statements for these joint agreements can be obtained from administrative offices as listed above.

# Note # 17 - Risk Management - Claims and Judgments

Significant losses are covered by commercial insurance for all major programs: property, liability, and workers' compensation. During the year ended June 30, 2011, there were no significant reductions in insurance coverage. There have been no settlements in excess of insurance coverage in the past three years.

The District is insured under a retrospectively rated policy for workers' compensation coverage. Whereas, the initial premium may be adjusted based on actual experience, adjustments in premiums are recorded when paid or received. During the year ended June 30, 2010, there were no significant adjustments in premiums based on actual experience.

## Note # 18 - Disbursements and Transfers in Excess of Budget

The District had no excess of disbursements and transfers over budget in the any fund during the year ended June 30, 2011.

# Note # 19 - Flexible Benefit Plan

On January 1, 1992, the District enacted a flexible benefit plan for its employees. The plan was developed to allow employees who meet certain eligibility requirements to use before-tax earnings to purchase benefits under the plan. These benefits include insurance premiums for medical, dental, and/or group-term life (up to \$50,000 face amount), and qualified health/dental expenses not covered by an insurance plan. This is a qualified employee benefit plan under Section 125 of the Internal Revenue Code.

# Note # 20 - Related Party Transactions

Rock River Alternative School entered into an annual renewable lease agreement with the district to lease a building. Rock River Alternative School paid \$4,841 per month for ten months, totaling \$48,410.

The District provides administrative services to Rock River Alternative School and received a fee of \$118,048 during the year ended June 30, 2011, for these services.

Note #21 – <u>Other Assets</u>

The District paid an ERO-Member payment for an employee. The employee is repaying the District for the balance over a five year timeframe. The balance receivable as of June 30, 2011 was \$10,765.

Note # 22 – <u>Subsequent Event</u>

On August 4, 2011, the District purchased real estate at 105 East Ogden Ave, Geneseo, IL 61254 for a total of \$181,486.

In preparing these financial statements, the District has evaluated events and transactions for potential recognition or disclosure through September 27, 2011, the date the financial statements were available to be issued.

#### GENESEO COMMUNITY UNIT SCHOOL DISTRICT NO. 228 HENRY COUNTY, ILLINOIS REQUIRED SUPPLEMENTARY INFORMATION ILLINOIS MUNICIPAL RETIREMENT FUND SCHEDULE OF FUNDING PROGRESS JUNE 30, 2011

#### THE FOLLOWING INFORMATION MUST BE INCLUDED IN THE A-133 SINGLE AUDIT REPORT:

X	A copy of the CPA firm's most recent peer review report and acceptance letter has been submitted to ISBE (either with the audit or under separate cover).
X	Financial Statements including footnotes § .310 (a)
X	Schedule of Expenditures of Federal Awards including footnotes § .310 (b)
X	Independent Auditor's Report § .505
х	Independent Auditor's Report on Compliance and on Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards § .505
х	Independent Auditor's Report on Compliance with Requirements Applicable to each Major Program and Internal Control over Compliance in Accordance with OMB Circular A-133 § .505
x	Schedule of Findings and Questioned Costs § .505 (d)
x	Summary Schedule of Prior Year Audit Findings § .315 (b)
х	Corrective Action Plan § .315 (c)

# THE FOLLOWING INFORMATION IS HIGHLY RECOMMENDED TO BE INCLUDED:

X Copy of Federal Data Collection Form § .320 (b)

# Geneseo Community Unit School District No. 228 28-037-2280-26

A-133 SINGLE AUDIT INFORMATION CHECKLIST

The following checklist is OPTIONAL; it is not a required form for completion of A-133 Single Audit information. The purpose of the checklist is to assist in determining if appropriate information has been correctly completed within the Annual Financial Report (AFR). This is not a complete listing of all A-133 requirements, but highlights some of the more common errors found during ISBE reviews. GENERAL INFORMATION 1. Signed copies of audit opinion letters have been included with audit package submitted to ISBE. All opinion letters use the <u>most current audit language</u> as manated in SAS 115/SAS 117 and other pronouncements.
 <u>ALL</u> Single Audit forms within the AFR Excel workbook have been completed, where appropriate. - For those forms that are not applicable, "N/A" or similar language has been indicated. 4. ALL Federal revenues reported in FRIS Report 0053 (Summary of Payments) are accounted for in the Schedule of Expenditures of Federal Awards (SEFA). Programs funded through ARRA are identified separately in SEFA 5. Federal revenues reported on the AFR reconcile to Federal revenues reported on the SEFA. - Verify or reconcile on reconciliation worksheet. 6. The total value of non-cash COMMODITIES has been included within the AFR on the INDIRECT COSTS page (IND COST INFO 30) on Line 12. It should not be included in the Statement of Revenues Received (REVENUES 9-14) within the AFR Accounts 4210 - 4299. Those accounts are specific cash programs, not non-cash assistance such as COMMODITIES. 7. Complete audit package (Data Collection Form, audit reports, etc.) has been submitted electronically to the Federal Audit Clearinghouse in Jeffersonville, Indiana, SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 8. Programs funded through ARRA (Federal Stimulus funds) are identified separately from "regular" Federal programs Program name includes "ARRA - " prefix - Correct ARRA CFDA and ISBE program numbers are listed 9. All prior year's projects are included and reconciled to final FRIS report amounts. - Including reciept/revenue and expenditure/disbursement amounts. 10. All current year's projects are included and reconciled to most recent FRIS report filed. Including revenue and expenditure/disbursement amounts. 11. Differences in reported spending amounts on the SEFA and the final FRIS reports should be detailed and/or documented in a finding, with discrepancies reported as Questioned Costs. 12. Prior-year and Current-year Child Nutrition Programs (CNP) are included on the SEFA (with prior-year program showing total cash received): Project year runs from October 1 to September 30, so projects will cross fiscal year; This means that audited year revenues will include funds from both the prior year and current year projects. 13. Each CNP project should be reported on separate line (one line per project year per program). 14. Total CNP Revenue amounts are consistent with grant amounts awarded by ISBE for each program by project year. 15. Total CNP Expenditure amounts are consistent with grant amounts awarded by ISBE for each program by project year. 16. Exceptions should result in a finding with Questioned Costs. 17. The total value of COMMODITIES has been reported on the SEFA (CFDA 10.555). The value is determined from the following, with each item on a separate line: \* Non-Cash Commodities: Monthly Commodities Bulletin for April (From the Illinois Commodities System accessed through ISBE web site) Total commodities = A PAL Allocated + B PAL Allocated + Processing Deductions + Total Bonus Allocated Verify Non-Cash Commodities amount on ISBE web site: http://www.isbe.net/business.htm. \* Non-Cash Commodities: Commodities information for non-cash items received through Other Food Services Districts should track separately through year; no specific report available from ISBE Verify Non-Cash Commodities amount through Other Food Services on ISBE web site: http://www.isbe.net/business.htm. \* Department of Defense Fresh Fruits and Vegetables (District should track through year) The two commodity programs should be reported on separate lines on the SEFA. Verify Non-Cash Commodities amount through DoD Fresh Fruits and Vegetables on ISBE web site: http://www.isbe.net/business.htm. Amounts verified for Fresh Fruits and Vegetables cash grant program (ISBE code 4240) CFDA number: 10.582 18. TOTALS have been calculated for Federal revenue and expenditure amounts (Column totals). 19. Obligations and Encumbrances are included where appropriate. 20. FINAL STATUS amounts are calculated, where appropriate. 21. Medicaid Fee-for-Service funds, E-Rate reimbursements and Build America Bond interest subsidies have not been included on the SEFA. 22. All programs tested (not just Type A programs) are indicated by either an \* or (M) on the SEFA. 23. NOTES TO THE SEFA within the AFR Excel workbook (SEFA-2) have been completed. Including, but not limited to: 24. Basis of Accounting 25. Name of Entity 26. Type of Financial Statements 20. Type or Financial Statements
 27. Subrecipient information (Mark "N/A" if not applicable)
 ARRA funds are listed separately from "regular" Federal awards SUMMARY OF AUDITOR RESULTS/FINDINGS/CORRECTIVE ACTION PLAN 28. Audit opinions expressed in opinion letters match opinions reported in Summary. 29. All Summary of Auditor Results questions have been answered 30. All tested programs are listed. 31. Correct testing threshold has been entered. (OMB A-133, §\_.520) Findings have been filled out completely and correctly (if none, mark "N/A"). 32. Financial Statement and/or Federal Awards Findings information has been completely filled out for each finding. 32. Finding completed for each Significant Deficiency and for each Material Weakness noted in opinion letters. 33. Separate finding for each Federal program (i.e., don't report same finding for multiple programs on one sheet) 34. Separate finding sheet for each finding on programs (e.g., excess interest earned and unallowable expenditures are two findings and should be reported separately, even if both are on same program) 35. Questioned Costs have been calculated where there are questioned costs 36. Questioned Costs are separated by project year and by program. 37. Questioned Costs have been calculated for Interest Earned on Excess Cash on Hand. Should be based on actual amount of interest earned - Questioned Cost amounts are broken out between programs if multiple programs are listed on the finding

38. A CORRECTIVE ACTION PLAN has been completed for each finding.

- Including Finding number, action plan details, projected date of completion, name and title of contact person

			· · · · · · · · · · · · · · · · · · ·						

• (M) Program was audited as a major program as defined by OMB Circular A-133.

The accompanying notes are an integral part of this schedule.

- To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.
- When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.
- \* When awards are received as a subrecipient, the identifying number assigned by the pass-through entity should be included in the schedule.
- <sup>4</sup> Circular A-133 requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in either the schedule or a note to the schedule. Although it is not required, Circular A-133 states that it is preferable to present this information in the schedule (versus the notes to the schedule). If the auditee presents non-cash assistance in the notes to the schedule, the auditor should be aware that such amounts must still be included in part III of the data collection form.

# Geneseo Community Unit School District No. 228 28-037-2280-26 NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (SEFA) Year Ending June 30, 2011

#### Note 1: Basis of Presentation<sup>5</sup>

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of **Geneseo CUSD #228** and is presented on the **cash basis of accounting**. The information in this schedule is presented in accordance with the requirements of Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the **basic** financial statements.

#### Note 2: Subrecipients<sup>6</sup>

Of the federal expenditures presented in the schedule, Geneseo CUSD #228 provided no federal awards to subrecipients.

## Note 3: Relationship to Basic Financial Statements and Program Financial Reports

Federal awards received are reflected in the District's financial statements within the Educational

Fund as receipts from federal sources.

Amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree with the amounts

reported in the Program Financial Reports for programs which have filed final reports as of June 30, 2011, with the ISBE.

## Note 4: Insurance, Loans and Loan Guarantees Outstanding

There was no federal insurance in effect during the year and there were no loans or loan guarantees outstanding as of June 30, 2011.

## **Note 5: Matching Expenditures**

The District had no grants requiring matching expenditures during the year ended June 30, 2011.

<sup>&</sup>lt;sup>5</sup> This note is included to meet the Circular A-133 requirement that the schedule include notes that describe the significant accounting policies used in preparing the schedule.

<sup>6</sup> 

Circular A-133 requires the schedule of expenditures of federal awards to include, to the extent practical, an identification of the total amount provided to subrecipients, from each federal program. Although this example includes the required subrecipie

<ul> <li>Significant Deficiency(s) identified the be material weakness(es)</li> </ul>	at are not considered to	YES	x None Reported			
Type of auditor's report issued on comp	pliance for major programs:	Unqualified (Unqualified, Qualified, Adverse, Disclaimer <sup>7</sup> )				
Any audit findings disclosed that are re accordance with Circular A-133, § .510		YES	X_NO			
IDENTIFICATION OF MAJOR PROGR	AMS: <sup>8</sup>					
CFDA NUMBER(S) <sup>9</sup>	NAME OF FEDERAL PROGRAM or CLUSTER <sup>10</sup>					
10.555, 10.553	School Lunch Cluster					
84.410A	ARRA-Education Jobs Fund					
	1					

Auditee qualified as low-risk auditee? YES x NO 7 If the audit report for one or more major programs is other than unqualified, indicate the type of report issued for each program. Example: "Unqualified for all major programs except for [name of program], which was qualified and [name of program], which

was a disclaimer."

<sup>8</sup> Major programs should generally be reported in the same order as they appear on the SEFA.

<sup>9</sup> When the CFDA number is not available, include other identifying number, if applicable.

Dollar threshold used to distinguish between Type A and Type B programs:

<sup>10</sup> The name of the federal program or cluster should be the same as that listed in the SEFA. For clusters, auditors are only required to list the name of the cluster.

\$300,000.00
