Superintendent Report (12/10/20)

Updates from around the district and the state

- 1. Both Special Board Committees have been busy. Here is a quick update of each, but committee members will have the opportunity to report to the whole board additional thoughts later in the agenda.
 - a. The Coaching Evaluation Plan Committee met for a fourth time on 11/19/20. A final draft has been shared with other non-committee principals and coaches to independently review and make recommendations. We hope a final draft will be available to share with the whole Board for a first reading at the January or February meeting. Kyle Ganson and Bill Menendez represent the Board on the committee.
 - b. The Vocational Committee met on 11/18/20. We have received donations totaling over \$900,000 so far! We continue to work on developing long-range plans for sustainability of any proposed changes to the program. Heather DeBrock and Karen Urick represent the Board on the committee.
- 2. We have been on an adaptive pause since 11/18/20. It is our intent to return to our Hybrid model on January 4, 2021.
 - a. The Tier 3 Resurgence Mitigation Measures do not apply to instructional activities at school.
 - b. The Tier 3 Resurgence Mitigation Measures do not apply to school board meetings, though ISBE recommends that boards hold remote meetings whenever possible.
 - c. The Tier 3 Resurgence Mitigation Measures do apply to staff/teacher meetings.
 - d. The Tier 3 Resurgence Mitigation Measures do apply to non-instructional (i.e., sports and extracurricular activities) at school.
 - i. From IHSA Director Craig Anderson: Given Governor Pritzker's current mitigations, the Board has no expectation of starting low risk winter sports prior to January. The Board and IHSA staff will continue to monitor the Tier 3 Resurgence Mitigation in effect currently. When there is a timeline for the state to emerge from these restrictions, the Board is prepared to restart lower risk winter sports quickly.
- 3. I recently became an Illinois School of Advanced Leadership (ISAL) Fellow, Cohort V, by completing the 18-month program. ISAL is produced by the Illinois Association of School Administrators (IASA) with a mission: "*To provide IASA members the experiences that build exemplary leadership, knowledge and skill sets essential for ensuring successful student achievement at the local level.*" Approximately 125 superintendents have completed the program and become Fellows since it was formed in 2008.
 - a. I was just accepted into the National Superintendents Association (AASA) National Superintendent Certification Program. I will be joining superintendents from around the midwest over the next two years in the program. To date, approximately 200 AASA members have completed the AASA National Superintendent Certification Program since it was formed in 2013.

CSBO Update December 2020
