Subject: Non-Commercial Freedom of Information Act Request

To: Tom Olson <tomolson@theadac.com>, Steve Perla <steveperla@theadac.com>

To whom it may concern,

In accord with the Illinois Freedom of Information Act, I am re-requesting the following data from the past five school-years (school-year 2015-2016 through school year 2019-2020), since I did not hear back from anyone within your district following my initial request on 2 October 2020:

1. How many public school students have IEPs?
2. How many charter school students have IEPs?
3. How many homeschooled students have IEP/ISPs?
4. How many parentally-placed private school students have been referred for testing under the requirements of the Individuals with Disabilities Education Act's (IDEA) child find procedures?
5. How many parentally-placed private school students have been identified through child-find to need special education and/or related services?
6. How many parentally-placed private school students have an IEP/ISP?
7. Is your district's child-find referral process in writing? If it is, then how/where might I access that information?
8. What is your district's total IDEA Part B allocation?
9. What is your district's total IDEA (Section 619) allocation?
10. How many parentally-placed private school students have received IDEA-funded services?
11. Which IDEA-funded services have been provided to parentally-placed private school students?
12. If IDEA-funded services have been provided to parentally-placed private school students, then what has been/is the location of those services?

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

I have copied on this email ADAC's Principal Partners Tom Olson and Steve Perla. If you have any questions, then please be in touch by replying "all" to this email.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 5 business days, as the statute requires.

Sincerely,
Robert Degre
