Joshua

I have contacted our Construction Manager and there are no payroll transcripts for Bill Miller Excavating Incorporated from June 1, 2017 to August 9th 2017 at either Northside Elementary or Geneseo High School. Please accept this as fulfillment of your FOIA request.

Hi Tim,

Thank you very much. I wanted to offer a follow up clarification that this request was made based on field observations of employees of Bill Miller Excavating at Northside Elementary performing work on-site so I am perplexed as to the absence of payroll records for the work.

Nevertheless, I appreciate the follow up.

Regards,

Joshua Schipp
