Karen Urick  
Randy Bormann  
Tim Gronski

**Topics for Discussion:**

Update on HVAC project at Middle School and Athletic Facility was provided by Randy Bormann. Project has been delayed due to manufacturing delays, project will be completed this spring break or summer.

**Near-Term Projects for Discussion:**

AG Lab remodel (old auto shop) (ESSER III and private funds). Space has been completely emptied, painting is currently being done, next phase will be to finish the floor with an epoxy finish, furnishings on track for the spring.

Old Welding Room remodel (ESSER III and private funds). Plan is to create two classrooms in the existing space with a possible testing area in the old welding cave.

Middle School Library Flooring and the School Maintenance Grant. Plan is to have this area completed during the summer.

**Other Items:**

Soccer Dugouts  
Football Stadium fencing and entrance ways  
High School Gymnasium floor, new design

Meeting adjourned at 12:13 p.m.
