

PRELIMINARY FY 12 BUDGET DISCUSSION

The following are some initial parameters that are being used to develop the Draft Fiscal Year 2012 budget:

1. Health Insurance increases at 3%
2. Personnel staffing increases a net of 5-6 certified positions—to cover class-size issues in the elementary school and to try to further reduce the costs of overloads at the MS and HS and ease scheduling burdens created by previous reductions of staff. The District currently pays out \$115,183 in academic and non-academic overload costs. An academic overload = 11% of the base salary per semester. The non-academic rate= 4.55% of base salary per semester.
3. \$50,000 increase in technology non-capitalized equipment to finish upgrades to infrastructure to prepare for 1:1 computing
4. \$100 per certified staff member for professional development
5. Flat line revenue streams from the State. We do not have projections yet from Springfield.
6. Anticipation of pro-rated transportation reimbursements creates a deficit that will need to be remedied by some type of interfund loan or permanent transfer.
7. Adjustments to the Tort Levy to keep the tax rate lower will create a potential deficit unless some Tort expenses are paid by the Education or Building Fund (which is allowable).
8. Supply budgets will be kept to no more than a 2% reduction.
9. No new textbooks in 2011-12, only replacements of current selections.
10. Final decisions are yet to be made regarding the status of elementary reading aides, since we still are awaiting any information on status of Reading Improvement Grant.
11. Continue to fund the Ladders PreKindergarten program with one teacher and one aide. Transportation may be adjusted to only bus those more than 1.5 miles from school.
12. This budget draft does not show the Northside Addition yet. We are still working with the architect and will await the final bid documents and see final scope of project. I anticipate we will have numbers included by May 1st.
