

Would you be in favor of a 2-hour delayed start for District 228 on days with inclement weather?

1,223 responses

Besides the items listed above, what other school-related obstacles do you foresee?

1,223 responses

What other questions, comments, or concerns do you have as they relate to a 2-hour delayed start to the school day for inclement weather?

1,223 responses

- Timely notice to parents so they can make necessary arrangements
- Modified schedules so all classes could still meet
- Childcare for working parents
- Crosswalk guards still needed
- Community is not used to seeing students and buses out at that time
- Sometimes you don't see obstacles until it runs its course
- Additional tardies or excused absences for those who can't make it in to school
- Students coming from other districts
