

Based on feedback from the Board and Dr. Brumbaugh, the following changes will be implemented at GHS as a part of their late starts:

1. We have adjusted our master schedules to add back in lost instructional time due to Thursday PLC's. We will be starting school at 8:45 instead of 9:00 on Thursday's as well as cutting our passing periods down from 5 minutes to 4 minutes everyday. This gets us back the lost minutes of instruction.
2. All Early Bird classes will run next year on Thursday's. The BLT and I have created a schedule to allow this to happen. Students who have EB can either leave and come back (if they drive) or stay and report to the cafeteria at the end of class for breakfast, social time, or work on homework.
3. Attached is a new Thursday Bell Schedule. It will be included in our student handbook that is included in the Board packet.
