Handbook Disclaimer

This handbook is not intended to create a contractual relationship with the student or his/her parents. Rather, it is intended to describe the school, its current practices, procedures, rules and regulations. The discipline policy lists only examples of behavior. It is not possible to identify every action, which might result in discipline consequences. This policy is a guideline, and administrators have the authority to make decisions outside of what is written, including imposing more severe or different penalties, depending upon the facts and circumstances.

School actions shall be independent, and arrest, indictment, trial, conviction, or acquittal in the criminal or juvenile courts shall not be determinative of the action necessary for the school to maintain a safe, orderly, and disciplined educational environment. Should it come to the attention of the District that any action has occurred which may invoke school discipline, the officials and employees of the District may cooperate with police and other investigative agencies in providing and sharing information about the student to the degree that the official or employee deems necessary and in keeping within the guidelines Section 6(a) 6.5 of the Illinois School Student Records Act.

Between the hours of 8:00 a.m. to 3:00 p.m., all doors to the school will remain locked. All visitors, including parents and siblings, will be required to report to the main door of the school building to be allowed entrance by the electronic lock system and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must submit a driver's license or other identifying identification and take a tag identifying themselves as guests and place the tag on their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office, return the visitor tag, and sign out before leaving the premises.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

Equal educational and extra-curricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extra-curricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact:
Mr. Travis Mackey, Principal, at 309-945-0301.

Emergency School Closings

In cases of bad weather and other local emergencies, closing information will be listed on the District #228 website, announced through the School Messenger system, and posted on Social Media. Parents also have the option to sign up (opt in) for 'text message alerts' via Skyward at www.geneseoschool.org. You may also check local television stations to be advised of school closings or early dismissals. School closings for any reason will be announced as early as possible.

If bad weather or another emergency occurs during the day, we will follow the same procedure as listed above. For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

If we dismiss early for an emergency, information will be provided regarding after-school functions.

REF: Board Policy 4:170, *Safety*

Emergency Warnings – Fire and Tornado

The **fire alarm** is sounded continuously. Students must leave by the nearest exit. The **tornado alarm** is a “siren” sound. Students are to move to the nearest inside hall, kneel facing the wall, and cover their heads with their hands. Teachers will review the evacuation procedures and post them in their rooms. Fire and tornado-drills will be held at various times during the school year.

Emergency Drill Procedures and Conduct

Safety drills will occur at times established by the school officials. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill (i.e. Code Red/Active Intruder), and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. A warning to the students will not precede drills.

Video & Audio Monitoring Systems

For the safety and protection of the Geneseo High School community, a video and/or audio monitoring system may be in use on school buses, and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

REF: Board Policy 4:110, *Transportation*

School Volunteers

All school volunteers must complete the “Volunteer Information Form” and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved volunteers must submit a driver’s license or other identifying identification and take a tag identifying himself or herself as a guest and place the tag on their outer clothing in a clearly visible location. Guests are required to proceed immediately to their location in a quiet manner. All volunteers must return to the main office, return the visitor tag, and sign out before leaving the premises.

Volunteers are expected to abide by all school rules during their time on school property. Guests who fail to conduct themselves in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

REF: Board Policy 8:70, *Accommodating Individuals with Disabilities*

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

REF: Board Policy 6:280, *Grading & Promotion*

Early Graduation

Students interested in this option must see their guidance counselor for details. This will be dependent upon counselor recommendation, the availability of required courses, and credits. All efforts should be made to make this request prior to the end of the student's sixth semester. Failure to do so may result in this option not being available.

High School Graduation Requirements

To graduate from high school, unless otherwise exempted, each student is responsible for:

- Completing all District graduation requirements.
- Completing all courses described below, as determined by when the student entered the 9th grade.
- Passing the Constitution test and/or an examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance.

Graduation Recognition

The Cum Laude system is used for graduation recognition. When specifically required by a college for scholarship applications, required reports, and other necessary communications, rank by percentage (top 10%, top 25%, etc.) will be provided for those specific purposes.

A committee made up of; 3 students, a counselor, a teacher, and an administrator choose two graduation speakers. All graduating seniors are eligible to submit a speech for consideration to the committee. Graduation speeches will be submitted 2 weeks before graduation to the committee. Criteria for students who are eligible to submit a speech will be based upon discipline referrals, grades, etc.

Cum Laude System - Graduation Recognition

- Cum Laude = 3.25 – 3.49 (with honors)
- Magna Cum Laude = 3.5 – 3.74 (with great honors)
- Summa Cum Laude = 3.75 and above (with highest honor)

CHAPTER 3: Student Fees & Meal Costs

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, equipment and/or other miscellaneous fees as determined by the School Board.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

Additional consideration where one or more of the following factors are present:

1. An illness in the family
2. Unusual expenses such as fire, flood, storm damage, etc.
3. Seasonal employment
4. Emergency situations, or
5. When one or more of the parents/guardians is involved in a work stoppage

(Note: Not all fees, charges, or costs will be subject to being waived, some charges will remain in effect regardless of family circumstances.)

School Breakfast & Lunch Program

Breakfast is served every school day from 7:30 a.m. to 7:55 a.m. Lunch is served every school day from 11:02 a.m. to 12:27 p.m.

A student may purchase breakfast for **\$1.60**.

A student may bring a sack lunch from home or may purchase a school full lunch for **\$2.75** and a Maple Leaf Lunch for **\$3.30**, or milk for **\$0.40**. Snacks and ala carte items are not included in the free or reduced lunch price. If a student account balance should become zero, they will be able to receive only reimbursable meals until funds can be added

Free or reduced price meals are available for qualifying students. Applications are available online or contact the District office.

REF: Board Policy 4:130, *Free and Reduced-Price Food Services*

Geneseo Food Service Meal Charge Policy

The goal of the Food Service Program is to ensure that students are provided with well-balanced, nutritious meals at the lowest possible cost to students and parents. Sometimes, however, students would like a breakfast or lunch, but do not have money in their account or in-hand to cover the cost of the meal at the time of the meal service. The school lunch & breakfast programs are non-profit by design and depend upon revenues derived from meals for its support. For this reason the following policy guidelines have been established for students at all grade levels.

High School

Students will be advised of their account balance getting low by the cashier when going thru the line at the High School. Parents have the option to set their own low balance e-mail alerts thru Skyward family access. When a negative balance is on the account school messenger will send notices via text, phone call, and/or e-mail if on file with the district.

This system is a debit system, **not a credit system**. Immediate payment is expected when the student balance is negative.

Meal assistance in the form of free or reduced price meals is available with both breakfast and lunch programs on the website or by contacting the Food Service Department at 945-0414.

End of Year Balances

At the end of each school year balances (positive or negative) on student accounts will carry over to the next school year. Graduating seniors with positive balances will be transferred to younger siblings or refunded upon request. Any remaining funds from graduating seniors with no siblings or from students that transfer out of district who have not requested a refund by June 1st will forfeit those funds to the District Food Service Program.

Any updates that occur during the year will show on the website version of this policy.

Extra Fees

Students and parents are responsible for the replacement cost(s) of lost or accidentally or intentionally damaged items such as computers, science equipment, uniforms, sports equipment, padlocks, textbooks, library books, and other school equipment (reference Chapter 6, Student Discipline/Disciplinary Measures). The freshman, sophomore, junior, or senior classes may charge class dues to help defray the cost of floats, prom, and other social functions. A list of extra class fees is available at registration or by contacting the main office.

CHAPTER 4: Transportation & Parking

Bus Transportation

Pinks' Bus Service is the District contractual bus service providing bus transportation to and from school for all students living 1.5 miles or more from school. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the contracted bus service. For questions regarding school transportation issues, contact Pinks' Bus Service at (309) 944-6417.

While students are on the bus, they are under the supervision of the bus driver. In most cases, the bus driver can handle bus discipline problems. In the case of a written disciplinary referral, student bus problems will be investigated and handled by High School Administration.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the students' safety and in compliance with State law, students must observe the following rules:

1. Give the bus drivers the same high level of respect and courtesy that is given to teachers. The atmosphere within the bus should be comparable with that of a well-disciplined classroom.
2. Sit on the seats within the compartment.
3. No loud or profane language.
4. Keep head, hands, and feet to yourself and inside the bus.
5. No eating or drinking on the bus.
6. Stay seated in your compartment until the bus stops.
7. Do not lower your windows below the line.

8. Be absolutely quiet at railroad crossings.
9. Board the bus at the first opportunity to do so, and do not leave the bus until you arrive home or at the designated unloading point.
10. A phone call to Pinks' Bus Service, Inc. is needed from a parent/guardian granting his/her child permission to leave the bus at any point other than their normal bus stop.
11. Ride **ONLY** the bus assigned.
12. Leave the bus **ONLY** at the school they attend in the morning.
13. No littering. Each bus will furnish a waste box, and materials are not to be thrown on the floor or out the windows.
14. Insubordination by students to drivers will not be tolerated.
15. Intimidation of a student by another student will not be tolerated.
16. Line up for buses and remain in line until aboard. While waiting for the bus, students should not move beyond the safety zone until the bus is stopped and the driver opens the door for them. When entering or departing the bus, students may not cross the road until receiving the "thumbs up" signal from the driver.
17. Honor all safety rules. National, state, county, school district, and bus driver safety rules are all designed for the health and safety of all bus riders and must be obeyed.
18. **Do not** tamper with any safety device on a school bus unless instructed by your driver (i.e. crossing arms, emergency doors, fire extinguishers, etc.).
19. Vandalism to the bus will result in disciplinary action and possible referral to the police.
20. Cell phone use is not allowed on the bus. Cell phones must be turned off and put away until you reach your bus stop.

Bus rules apply to all field trips and any other time a student may ride a bus.

Video and audio cameras are active on buses to record student conduct and may be used for investigation purposes into misconduct or accidents on the bus.

Pinks' Bus Service will not be responsible for lost, stolen, or missing items from the bus.

Procedures for Bus Drop-Offs in Exceptional Situations

These procedures are in effect for students who miss their assigned bus drop-off or in situations where a parent is not home (Ladders for Learning, Kindergarten).

We ask that you emphasize to your children the importance of paying attention on the ride home to ensure they get off at their correct drop-off location.

1. Pinks' will attempt to make contact with the parent, either from the bus or from the Transportation Office.
2. If convenient and logistically feasible, the bus will try to return to the designated, assigned bus stop.
3. If that fails, the student will be returned to either the home school or to the District Office. If mutually agreeable with Pinks' and the parent—the student may be delivered to an alternate bus stop.

****Parents must contact Pinks' before trying to retrieve a student off of a bus that is returning to either a school or the District Office. This will only be approved as a transfer of a student if the following conditions are met: proper identification and at a location deemed safe by Pinks'.**

Parking

Student-assigned parking hours are 6:00 a.m. to 3:00 p.m. during the school year while school is in session. Students parking in the school's parking lots will be required to complete a Student/Parent Acknowledgement regarding vehicle search at the time of purchase. Eligible senior and junior students will be able to purchase parking tags at the beginning of the school year. Eligible sophomore students may begin purchasing remaining tags after the beginning of quarter 2. A fee will be charged for students who purchase a school parking tag to park in the GHS student parking lots. Students will receive a parking tag to be displayed on their mirror at all times while parking in designated student parking areas. Students may only park in administratively approved student parking locations on and around school property (State Street parking in front of the school is not permitted on either side of the street for students during school hours). At the end of the school year the parking tag may be returned for a deposit refund.

Vehicles must be parked between the painted lines and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside painted lines or designated parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner's expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

No student will be allowed to go to his or her car during the day without permission from an administrator.

Students will be discouraged from loitering in student parking areas before school hours and once they have been dismissed from their daily class schedule.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. Contraband, drugs, administration, and police officers regularly search school lots. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline including, but not limited to, expulsion from school.

Vehicles **MAY NOT** be parked or located in the bus lanes or fire lanes at **ANY TIME**. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police. Also, do not park in handicap-reserved spaces without proper verification.

Video cameras are active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

CHAPTER 5: Health & Safety

High School Nurse

A registered nurse is employed by the school to serve students and their families in a number of ways. The nurse is guided by directive from the State of Illinois and by School Board policy. The high school nurse will:

1. Provide emergency treatment in the event of an accident.
2. Provide care for a child becoming ill while at school. All ill students must report to the nurse's office, and she will decide:
 - a. If the student should rest and try to return to classes.
 - b. If the student should go home. The nurse must contact a parent or an individual indicated in the student's emergency contacts information before a student is allowed to leave.
 - c. If the student is able to participate in full school activity.

The nurse handles all of the above unless there is a written order from a medical doctor. The nurse will also:

1. Check the reasons for student absenteeism.
2. Maintain up-to-date health records for each student as required by the State of Illinois.
3. Administer vision and hearing testing. Vision screening will be conducted during the school year as mandated by the State of Illinois. A vision screening is not a substitute for a complete eye and vision evaluation. Your child is not required to undergo the vision screening if an eye exam has been completed in the last 12 months by an optometrist or an ophthalmologist and a report is on file at the school.
4. Be a resource person to teachers and students.
5. Make home visitations (health and attendance problems).
6. Help with health, social, and family history information gathering for referral cases.

Required Health Examinations and Immunizations

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering the ninth grade; and
2. Enrolling in an Illinois school for the first time, regardless of the student's grade.

The required health examinations must include a diabetes screening (diabetes testing is not required) and a statement from a physician assuring "risk-assessed" or screened for lead poisoning.

Students entering grades 6 through 12, must have updated immunizations as required by the State of Illinois.

Failure to comply with the above requirements prior to the first day of school of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization prior to the first day of school, the student must present, prior to the first day of school, an immunization schedule and a

statement of the medical reasons causing the delay. An appropriate medical professional must sign the schedule and statement of medical reasons.

Dental Examination

All incoming 9th grade students (Freshmen status) are required to submit proof of a current dental examination. Public Act 100-0829

Eye Examination

All transfer students who are entering an Illinois school for the first time must present proof of an eye examination performed within one year prior to entry. New students will have a 30-day grace period if proof of a scheduled exam is shown. Failure to comply with this mandate allows the school to hold the student's report card until compliance is met.

Exemptions

A student will be exempted from the above requirements for:

1. Religious or medical grounds if the student's parent/guardian presents to the building principal the Illinois Religious Exemption form signed by their family physician.
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.

REF: Board Policy 7.100, *Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students*

Student Medication

Parents/guardians have the primary responsibility for the administration of medicine to their children.

Taking medication: over-the-counter, energy supplements, energy gems, and/or energy drinks, herbal supplements, vitamins, and other dietary supplements during school hours or during school-related activities is prohibited unless it is necessary for a student's health and wellbeing. When a student's licensed health care provider and/or parent/guardian believe that it is necessary for the student to take any medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a School Medication Authorization Form. Under these guidelines, if a student is believed to have taken any of the above-mentioned medication/supplement without administration knowledge, discipline will be assigned. No school or District employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form. The school and District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school

personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. A student excluded because of a communicable disease may be asked to present a letter from their doctor stating that they are no longer contagious and may return to school.

REF: Board Policy 7:280, *Communicable and Chronic Infectious Disease*

REF: Board Policy 7:280-AP, *Managing Students with Communicable or Infectious Disease*

Head Lice

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice. Infested children are prohibited from riding the bus to school to be checked for head lice.

REF: Board Policy 7:250 AP1, *Measures to Control the Spread of Head Lice at School*

Medicaid Fee-For-Service

The Geneseo School District intends to claim Medicaid funds available for therapy and diagnostic services provided to eligible children. Medicaid reimbursement is a source of federal funds approved by Congress to help school districts maintain and improve special education services. Unless you as a parent object in writing, the Geneseo Unit School District #228 will claim Medicaid/KidCare reimbursement for services provided. These claims will have no impact on your ability to receive Medicaid funding, either now or any time in the future. If you do not object to this release of information related to Medicaid claims for your child, do nothing. If your child is Medicaid eligible, you will be asked to provide his/her identification number at registration.

Supplemental Insurance

All enrolled students are covered by a supplemental accident insurance plan free of charge. This supplemental insurance covers injuries sustained during school time or at school-related activities. Claims for injuries incurred at school must be submitted through the school office. The student must immediately notify the supervising teacher, school nurse, or administrator of the injury, and an accident report must be filed.

CHAPTER 6: Discipline & Conduct

General Building Conduct

Students shall not arrive at school before 6:00 a.m., and regular school day classes begin at 8:00 a.m., with the exception of Early Bird classes. Students are dismissed at 3:00 p.m. each day, with the exception of early release. The following rules shall apply, and failure to abide by the rules may result in discipline:

- Use of skateboards, roller blades, and “heelies”, hoverboards, and any similar device are not to be used on campus, this includes parking areas and all athletic areas.

School Dress Code/Student Appearance

Students are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school-sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment. Students are not permitted to wear apparel including, but not limited to, the following:

1. Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.

5. Clothing with excessive holes, rips, tears, and clothing that is otherwise poorly fitting, showing excessive skin, or showing undergarments is not acceptable.
6. The attire and wear of “leggings” and the length of shorts or skirts must be appropriate for the school environment.
7. For safety purposes, appropriate footwear must be worn at all times.
8. If there is any doubt about dress and appearance, building administration will make the final decision.
9. Above all, students whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject to discipline.

REF: Board Policy 7:160, *Student Appearance*

Book Bags/Satchels/Cinch Bags/Purses

Students will be allowed to carry satchels/cinch bags/purses to transport needed materials between classes. These should be able to fit under and kept under the desk during class hours and may not exceed a pre-determined size, approximately the size of 2 spiral notebooks. All other bags, including but not limited to, backpacks and gym bags are prohibited. Book bags/satchels/cinch bags/purses are subject to search by school personnel at any time. Violators will be sent to the office, and discipline will be administered.

Cellular Phones, Electronic Devices, and Cameras

In order to alleviate disruption to the educational program, personal electronic devices (cell phones, iPads, e-readers, MP3 players, and similar electronic devices) may be used in the hallways and in the cafeteria/commons to; listen to music through headphones or ear buds, check the time, and to send/receive text messages, or to listen to voicemail. Volume must be off or low. These items may not be used in restrooms, dressing rooms, or locker rooms, which are respectively private areas. Making or receiving phone calls and taking pictures and/or videos is not allowed. You must follow individual teachers' classroom rules regarding the use of cell phones and electronic devices and must not become a disruption to the learning environment. Violation of this will result in a referral and confiscation of the cell phone/electronic device.

For the safety and protection of the Geneseo High School community, any student using a laser pointer or camera on campus without specific administration permission prior to use will result in a referral and confiscation of the laser pointer and/or camera.

Student Discipline

Prohibited Student Conduct:

The school administration is authorized to discipline students for misconduct or gross disobedience including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco and/or smoking materials.

or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.

- f. "Look-alike" or counterfeit drugs, including a substance not containing an illegal drug or controlled substance, but one: (a) that a student believes to be, or represents to be, an illegal drug or controlled substance; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug or controlled substance.

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school detention, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated educational employees, and other persons providing a related service for, or with respect to, a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. This prohibition is in effect seven days a week, 24-hours a day, and, therefore, applies to all extra-curricular activities, such as football games, track meets, wrestling meets, band concerts, plays, graduation, etc. Persons in violation of this law will be asked to leave the activity. Failure to cooperate will result in police referral for disorderly conduct charges, and students will be responsible for consequences as outlined in the discipline policy.

Drug and Alcohol Discipline Policy

The POSSESSION, SALE, or DELIVERY of any controlled substance, alcohol, prescription or non-prescription drugs, look-alike drugs, drug paraphernalia, regardless of quantity, in or on school property or at any school-related activity, will not be tolerated. Any violation of this rule will result in a ten-day suspension from school and a possible recommendation to the Board of Education for expulsion. The student involved will be turned over to the civil authorities for criminal prosecution.

The USE, POSSESSION, or BEING UNDER THE INFLUENCE of drugs, narcotics, look-alike drugs, or alcohol, and/or the possession of drug paraphernalia in or on school property at any time or at any school-related activities is strictly prohibited.

If administration has reasonable suspicion that a student is under the influence of a controlled substance, a drug screening may be requested and administered. A mandatory ten-day out-of-school suspension will be issued for refusal of the requested screening.

Any illegal activity or misconduct that occurs will result in school discipline and local law enforcement will be notified which may result in further legal actions by law enforcement.

Bullying, Cyber-bullying, Intimidation, & Peer Harassment

Bullying, cyber-bullying, intimidation, and peer/sexual harassment are not acceptable in any form and will not be tolerated at school or any school-related activity. The school will protect students against retaliation for reporting incidents of bullying, cyber-bullying, intimidation, or peer/sexual harassment, and will take disciplinary action against any student who participates in such conduct. Consequences and appropriate remedial action will be taken for students making false accusations regarding bullying, cyber-bullying, intimidation, and peer harassment regarding other Geneseo High School students.

Cyber-bullying is bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, internet communications, instant messages, or facsimile communications. Cyber-bullying also includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages, and the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting:

1. Places the student(s) in reasonable fear of harm to their person or property
2. Causes a substantially detrimental effect on the student(s) physical or mental health
3. Substantially interferes with the student(s) academic performance, or
4. Substantially interferes with the student(s) ability to participate in or benefit from the services, activities, or privileges provided by GHS.

No person shall harass, intimidate, or bully another based upon race, color, nationality, sex, sexual orientation, ancestry, age, religion, creed, physical or mental disability, gender identity, order of protection status, status as homeless, or actual or potential marital or parental status, including pregnancy, or other protected group status. The school and District will not tolerate harassing, intimidating conduct, or bullying, whether verbal, physical, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student's educational performance, or that creates an intimidating, hostile, or offensive educational environment.

Students who believe they are victims of bullying, cyber-bullying, intimidation, or harassment, or have witnessed such activities, are encouraged to discuss the matter with a building administrator. Students may choose to report to an adult of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined. Any student making a knowingly false accusation regarding harassment may also be subject to disciplinary consequences.

Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for a variety of reasons.

CHAPTER 7: Internet, Technology, & Publications

Internet Acceptable Use

Each staff member must sign this Authorization as a condition for using the District's Electronic Network connection. Each student and his or her parent(s)/guardian(s) must sign the Authorization before being granted unsupervised access. Please read this document carefully before signing. This form is part of your student's online registration.

All electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

1. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
2. Unauthorized downloading of software;
3. Downloading copyrighted material for other than personal use;
4. Using the network for private financial or commercial gain;
5. Wastefully using resources, such as file space;
6. Hacking or gaining unauthorized access to files, resources, or entities;

7. Invading the privacy of individuals, which includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature, including a photograph;
8. Using another user's account or password;
9. Posting material authored or created by another without his/her consent;
10. Posting anonymous messages;
11. Using the network for commercial or private advertising;
12. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material.
13. Using the network while access privileges are suspended or revoked.
14. Creating disruptions to the school day.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Do not become abusive in messages to others.
2. Use appropriate language. Do not swear, use vulgarities, or any other inappropriate language.
3. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
4. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to, or in support of, illegal activities may be reported to the authorities.
5. Do not use the network in any way that would disrupt its use by other users.
6. Consider all communications and information accessible via the network to be private property.

No Warranties - The school and District make no warranties of any kind, whether expressed or implied, for the service they are providing. The school and District are not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The school and District specifically deny any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the school and District for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or District relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Copyright Web Publishing Rules - Copyright law prohibits the republishing of text or graphics found on the Web without explicit written permission.

When creating digital media productions as part of academic or creative work, students may want to incorporate copyrighted materials, including photographs, music, film, or video clips. They may want

to use written excerpts, clips, or even the whole work. They may want to use materials produced by media professionals (like the Associated Press, the New York Times, PBS News Hour, or ABC News) as well as media produced by amateurs (like quotes from bloggers, Flickr photos, or YouTube videos).

Under some circumstances, users can use copyrighted works as part of their own creative work. The doctrine of fair use (Section 107 of the Copyright Act of 1976) states that people can use copyrighted works without payment or permission when the social benefit of the use outweighs the harms to the copyright holder. To make a fair use determination, users consider all the factors involved in the context and situation of their use of the copyrighted material. Students can document this process with a fair use evaluation tool.

REF: Board Policy 6:235, *Access to Electronic Networks*

Non-School-Sponsored Publications/Websites

Students are prohibited from accessing and/or distributing at school any pictures, written material, or electronic material, including material from the Internet or from a blog, that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including, but not limited to, material that is libelous, invades the privacy of others, or infringes on a copyright;
3. Is socially inappropriate or inappropriate due to maturity level of the students, including, but not limited to, material that is obscene, pornographic, or pervasively lewd and vulgar, or contains indecent and vulgar language;
4. Is primarily intended for the immediate solicitation of funds; or
5. Is distributed in kindergarten through eighth grade and is primarily prepared by non-students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources, as long as the material to be distributed or accessed is primarily prepared by students.

The distribution of non-school-sponsored written material must occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the material is endorsed by the school district.

Computers at Geneseo High School are to be used only by authorized personnel, and all others will be prosecuted. Activities on this system are automatically logged and subject to review. All data on these computers is the property of Geneseo Community School District #228, which reserves the right to intercept, record, read, or disclose it at the sole discretion of authorized personnel. Specifically, system administrators may disclose any information on or about this system to law enforcement or other appropriate individuals. Users should not expect privacy from system review of any data, whether business or personal, even if encrypted or password-protected. Use of this system constitutes consent to these terms.

REF: Board Policy 7:310, *Restrictions on Publications and Written or Electronic Material*

Library

Library hours are 7:30 a.m. to 3:30 p.m. During school hours, the student is required to present a permit, signed by a teacher, in order to use the library. Permits for library use are not required from 7:30 a.m. to 8:00 a.m. or 3:00 p.m. to 3:30 p.m. Students must sign in and out of the library at the circulation desk. Library materials can be checked out for three weeks and may be renewed once if another student has not requested them. A fine of 10 cents per school day is charged when an item is overdue. Students with overdue library books may lose their library privileges.

Students are responsible for all costs that may be incurred both in lost book fees and late fees for any items checked out on their accounts. Freshman students will receive an orientation designed to assist them in the use of the library. They will also be informed of more specific library rules. All new students may receive an orientation if they wish.

Geneseo School District is a member of an Illinois library system. Therefore, students may request books through interlibrary loan to supplement our collection.

You may access the library at the high school library web page by clicking on Library Search, or you may go directly to <http://www.geneseoschoollibrary.org>. At the library web page you will find Destiny online public access catalog, ebooks, subscription databases, and many additional online resources. Remote access codes for these resources can be picked up in the high school library, or students may access a document using the online password with their [geneseoschools.org](http://www.geneseoschools.org) account from the library home page.

CHAPTER 8: Search & Seizure

In order to maintain order, safety, and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" also includes security officers, school liaison officers, and/or police officers.

School Property and Equipment, as well as Personal Effects

School authorities may inspect and search school property and equipment owned or controlled by the school (such as; lockers, desks, parking lots, and vehicles), as well as personal effects left there by a student, without notice ~~to~~ or the consent of the student. Students have no reasonable expectation of privacy in these areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, vehicles, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, cell phones, personal electronic devices, etc.) when there is a reasonable ground for suspecting that the search will produce evidence that the particular student has violated, or is violating, either the law or the school or District's student rules and policies. The search will be conducted in a manner that is reasonably related to the objective of the search and not excessively intrusive in light of the student's age and sex and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students.
2. In the presence of a school administrator and an adult witness, and
3. By a certified employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority that conducted the search and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated, or is violating, either the law or the school or District's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

State law requires the District to notify students and their parents/guardians that school officials may request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website. This request may be made only if there is reasonable cause to believe that the student's account contains evidence that he or she violated a school disciplinary rule or Board policy.

REF: Board Policy 7:140 & 7:140-E, *Search and Seizure*

CHAPTER 9: Athletics & Extra-Curricular Activities

General Information - Philosophy

We believe and are committed to the idea that extra/co-curricular activities are an important part of the school curriculum and play a vital role in the development of young men and women. A good extra-curricular program is one that teaches participants that cooperation, as well as competition, is an important part of the society in which we live.

Participation vs. Competition

The belief of the Geneseo School District is to foster the idea that students and coaches at the non-varsity level concentrate on participation and developing skills to go on to varsity level. The focus of varsity level is to assemble and utilize the most competitive team, as determined by the coach, to represent the high school.

Attendance and Extra-Curricular Participation

On days when school is in session, students involved in extra-curricular activities must be checked in at the Attendance Office by 10:30 am (with Early Bird - period 6 schedule) and 11:30 am (with a 1 - 7 period schedule), unless prior arrangements have been made for medical appointments, funerals, etc., in order to be eligible to practice or perform the same day after school or in the evening.

Interscholastic/Extra-Curricular Academic Eligibility

In order to be eligible to participate in any school-sponsored or school-supported extra-curricular activity, a student must be passing five academic classes that count toward graduation; Drivers' Education does not count.

Students who do not pass five academic classes for the semester will be ineligible to participate in any extra-curricular activities in the following semester.

If a student is ineligible to participate in physical education class due to health issues or injury, they will also be ineligible for participation in extra-curricular athletic activities.

Students with past, unserved discipline will not be allowed to participate or practice in any extra-curricular activities.

Extra-curricular activities include all athletic activities, all extra-curricular performing arts activities, and all clubs and non-athletic teams.

Student Transportation for Extra-Curricular Events

Students involved in musical events, athletic events, student council, speech and drama, and all other curricular and extra-curricular activities, are expected to accompany their teams and groups to and from school-sponsored events. If extenuating circumstances require otherwise, permission to ride with a parent or legal guardian may be requested, this should be done only for rare exceptions. Students will not be permitted to drive themselves or other GHS students to or from an activity in which they are participating.

Permission to Ride with Parents from Interscholastic Activity

Any student wanting to leave from an away event or activity with a parent must have the coach/sponsors permission and their parent/guardian must sign them out with the coach/sponsor after the event.

Permission to Ride with Other Student's Parents from Interscholastic Activity

A note from the student's parent/guardian and the driving parent/guardian must be presented to the coach/sponsor before a student will be allowed to leave with another parent/guardian. High School Activity Code of Conduct

Purpose/Procedure

Student activities are separate from the regular school program. While the regular curricular program is a right afforded to each student, participation in the student activities program is a **privilege** for students who wish to participate and who comply with the rules and regulations established for the respective activities, and, as such, carries certain expectations beyond those found in the normal school situation.

The important goals of the activities program are to give students direction in developing healthful living habits, self-discipline, leadership, teamwork, and respect for rules and regulations. It is important that student activities participants recognize their responsibilities as role models, both at school and in the community. We believe that our activities provide an opportunity for our adult coaches and sponsors to teach many valuable lessons and skills, and this is an opportunity for student growth in many areas. This Activity Code is designed to state expectations and help influence positive behavior of those students representing District 228 schools. Students who participate in activities are ambassadors of the school and the community. Therefore, when they choose to participate in an activity, the expectations of the students will be higher, both while in school and out of school on a year-round basis.

The Geneseo School District does not permit the use of illegal drugs and alcohol. The school district encourages students to not place themselves in a situation where illegal alcohol and drug use is taking place.

Activity Code violations will be acted upon based on information received from one or more of the following:

Additional participation penalties for criminal laws will be determined by a committee consisting of school administrator(s), the athletic director, and three coaches/sponsors not working with the student at the time of the infraction.

CHAPTER 10: Special Education

Education of Children with Disabilities

Geneseo High School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term, "children with disabilities," means children between ages 3 and the day before their 22nd birthday for whom it is determined that Special Education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

Students with disabilities who do not qualify for an Individualized Education Plan (IEP), may qualify for services under Section 504 of the Rehabilitation Act of 1973 if the child:

1. Has a physical or mental impairment that substantially limits one or more major life activities
2. Has a record of a physical or mental impairment
3. Is regarded as having a physical or mental impairment

Section 504

It is the intent of the District 228 to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated, and provided with appropriate educational services.

CHAPTER 11: Student Records & Privacy

Student Privacy Protections

Student Permanent and Temporary Records

School records are confidential and information from them shall not be released other than as provided by law. Any record that contains personally identifiable or other information that would link the document to an individual student is a school student record, if maintained by the District, except (1) records that are kept in the sole possession of a school staff member, are destroyed no later than the student's graduation or permanent withdrawal, and are not accessible or revealed to any person except a temporary substitute teacher, and (2) records kept by law enforcement officials working in the school (refer to Board Policy 7:340). The District maintains two types of school records for each student, a permanent record and temporary record. These records may be integrated. Permanent records shall include: basic identifying information; academic transcripts, attendance record, accident and health reports, information pertaining to release of this record, and

honors and awards. The permanent record shall be maintained for at least 60 years after the student graduated, withdrew, or transferred.

Temporary records may include; family background, intelligence and aptitude scores, psychological reports, achievement test results, honors and awards, disciplinary information, (specifically including information regarding an expulsion, suspension, or punishment for misconduct involving drugs, weapons, or bodily harm to another), special education files, verified reports of information from non-educational persons, verified information of clear relevance to the student's education, and information pertaining to release of this record. The District will maintain the student's temporary record for at least 5 years after the student transferred, graduated, or permanently withdrew.

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student's parent/guardian may inspect the survey or evaluation upon their request and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Reciprocal Reporting Agreement

To conform to the requirements of Public Act 88-376, effective January 1, 1994, the school district hereby enacts this policy. Illinois HE 36, Amendment 1, provides the authority for the establishment of a reciprocal reporting agreement. The intent of this reciprocal reporting agreement is clearly to help young people through fostering cooperation between schools and law enforcement and to cut

through the legal barriers that hinder the sharing of information about juveniles. The following items represent actions that will be reported to the appropriate school officials. The list is not exclusive of the suspect crimes that may be reported. In certain instances, action other than immediate reporting is suggested. The recommended actions are guidelines only. It is within the school administrators' or law enforcement agency's sole discretion to report immediately any suspected criminal activity, within compliance with the Student Records Act.

CHAPTER 12: Parental Right Notifications

Teacher Qualifications

Parents may request information about the qualifications of their child's teachers and paraprofessionals. If you would like to receive any of this information, please contact the school office.

Standardized Testing

Students and parents/guardians should be aware that students in grades 9 – 11 will take standardized tests on predetermined dates. Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests.

All 9th grade students will create a Khan Academy account for standardized test preparation. All 9th grade students will create a College Board account to link to their Khan Academy account for personalized practice and to receive their PSAT 9, PSAT 10, and SAT Scores. Both of these accounts will be utilized each school year for test preparation and scores. For more information, please visit the counseling website:

Homeless Child's Right to Education

When a child loses permanent housing and becomes a homeless person as defined by law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

(1) Continuing the child's education in the school of origin for as long as the child remains homeless, or if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or

(2) Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

REF: Board Policy 6:140, *Education of Homeless Children*
 REF: Board Policy 6:140-AP, *Education of Homeless Children*

Parental Involvement (Title 1)

The school annually has a meeting for all parents/guardians.

At the meeting, the school will discuss parental involvement and opportunities for parents/guardians to get involved in the education of their children. Parents/guardians are encouraged to attend the meeting and participate in the discussions that occur. Parents/guardians should use the meeting as an opportunity to ask questions, make suggestions, and learn about all of the opportunities and programming available for parents/guardians to be fully involved in the educational process.

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/guardians will be given notice of meeting availability at the beginning of each year, and at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/guardians are encouraged to inquire about available meeting times and to work with teachers. Parents/guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

The school provides parents/guardians with Skyward Family Access and access to:

1. School performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results.
2. A description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet.
3. Opportunities for regular meetings to formulate suggestions, share experiences with other parents/guardians, and participate, as appropriate, in decisions relating to the education of their children, if such parents/guardians so desire.
4. Timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government, and ourselves.

In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate children by monitoring attendance, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extra-curricular time.

English Language Learners

The school offers opportunities for English Language Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain. If you would like further information, please contact the school office.

School Visitation Rights

The School Visitation Rights Act permits employed parents/guardians, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions, such as parent-teacher conferences, 504 conferences, and IEP meetings. Letters verifying participation in this program are available from the school office upon request.

Pesticide Application Notice

A state law, which went into effect August 1, 2000, requires implementation of the Integrated Pest Management (IPM) approach to pest control in schools. A major part of IPM is to minimize exposure to pesticides in the school environment. The District has implemented policies and procedures to assure that.

The law requires the least aggressive method of pest control when it comes to the use of chemicals. Non-threatening pests are not automatically confronted with pesticides. Monitoring, baiting, and removal of the source of attraction for the pest are the first response actions. Chemical treatment for pests will only occur when other methods have failed, and the pests remain a threat. Chemical treatment will only take place after-hours and only in areas where needed. Typical areas for treatment are: maintenance areas, kitchens, and restrooms, where food and water attract the pests. If required, treatment would be with EPA-approved chemicals. All monitoring, baiting, and treatment is recorded in a log book, which is kept in the office of each building.

The law also requires notification to parents and staff members if chemical treatment will take place. Parents may request to be notified if there would be chemical treatment of school buildings or grounds. Forms are available at the office of each building or on the District's web page: www.geneseoschools.org.

If you have any questions, or would like a copy of the Integrated Pest Management Policy in the Geneseo School District, please call the Unit Office at 309-945-0450.

Mandated Reporters

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

REF: Board Policy 5:90, *Abused and Neglected Child Reporting*

Sexual Harassment

It is the policy of this school district to provide an educational environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by state and federal law.

Each student should be aware that he or she might not intend for a comment or action to be sexual harassment but that it may be perceived as such. Disciplinary action for those who are guilty of sexual harassment may include, depending on the nature of the conduct, any of the following: warning, parent conference, a reading/writing awareness exercise, detention, one- to ten-day suspension, major offense, police referral, and/or recommendation to the Board of Education for expulsion.

Sex Offender & Violent Offender Community Notification Laws

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth.

You may find the Illinois Sex Offender Registry on the Illinois State Police's website at:

Chapter 13: Miscellaneous Information

Locker and Padlock Policy

Students are randomly assigned lockers each year. **Padlocks are issued at registration for freshmen and new students. The student is responsible for their padlock the duration of their enrollment at Geneseo. Padlocks are to be removed by students from their lockers at the end of the year and brought back to school the following school year. Seniors will turn in their padlocks to the main office before graduation. Replacement cost is \$10.00 for any padlock lost or stolen. Any padlock left on a locker at the end of the school year will be considered lost, and the student will be charged the \$10.00 replacement fee.** Students should be sure that their lockers are locked and aware that the school is not responsible for any items lost or stolen. It is the student's responsibility to withhold their combination to protect against unauthorized entry into their locker.

Every student is responsible for the contents of their locker. Anything found in the locker will be the responsibility of the student to whom the locker is assigned.

No padlock other than the one issued by the school is to be used on any locker. Any other locking device is subject to destruction without notice. Any lost or stolen padlocks should be reported to the main office. Students may receive discipline for using non-school issued padlocks and/or improperly securing their locker.

Lockers are subject to random search at any time, and individual lockers may be searched in any suspicious circumstance. The school does not recognize any right of privacy that a student may wish to claim with regard to the locker. Illinois School Code authorizes school district personnel to search the contents of a student's locker at any time there is reasonable suspicion or violation of a school rule or city, state, or federal law. This includes all personal items in the locker.

The same standards for dress material/content apply to the contents and appearance of lockers. Lockers are not to contain advertisements, pictures, or display drug or alcohol advertisements or

names, profane language, vulgar statements, satanic symbols, skeletons, hate messages, sexual innuendo, tobacco ads, death, suicide, or violent messages.

Residence Change

Only students of this school district whose parents are residents of the school district may attend school. Law defines residency. The Board of Education may grant the privilege of school attendance to non-residents upon payment of tuition. Bona fide foreign exchange students may attend school without payment of tuition. Students who change their residence during the school year are asked to report such changes to the office immediately.

Student of the Quarter

The Student of the Quarter is a program designed to recognize students. Teachers nominate students using a set of criteria as follows:

1. Has shown a positive attitude toward learning the subject.
2. Has demonstrated leadership in classroom and school activities.
3. Has been enthusiastic about school.
4. Has helped others to learn and be successful.
5. Has been involved in school-related activities.
6. Has expressed a desire to improve.

At the end of the quarter, a reception is held for the students and their parents. Each of the candidates is entered into a drawing to be held for one candidate to utilize the preferred parking spot for the quarter.

Theme Nights, Spirit Weeks, and Posters/Signs

An administrator must approve any theme night and/or spirit weeks. An administrator, prior to posting, must approve signs or posters to be displayed.

Work Permits

Students younger than 16 years old may apply for a work permit through the Geneseo High School office. The student and his/her parent or guardian must apply in person at the high school office, bringing with them the following:

1. A letter of intent to hire from the employer stating hours of work and position. Student's parent is also to sign this letter.
2. A signed letter from a parent stating his/her intention to allow the child to work.
3. A copy of student's birth certificate.
4. Student's Social Security Card. Please bring in the card. We will make a copy.
5. Student's most recent health record or note from physician stating the minor is in good health for work. Please note: we use the student's school health record, which is on file at the high school, for this purpose. The parent does not need to bring in additional information.
